Reds Rip Up Their Own Capital?

SADON (AP) - North Vietnam may have hurt itself badly last week when it shot down its own planes. Reports that two American planes were shot down, the third pilot captured intact, are expected to increase U.S. bombing raids.

The North Vietnamese have been reported to have damaged several of their own planes on the ground. This has caused the U.S. to reduce its base attacks and concentrate on hitting the enemy front lines.

Huskers Seek Sweet Revenge In Sugar Bowl

By Nike Scott

NEW ORLEANS—Chiefs quarterback Len Dawson was impressed with Nebraska's defensive front four, and his appreciation for the Huskers grew even more yesterday when he watched them in person.

"They're a real good defense," said Dawson, who has been in New Orleans to prepare for today's Sugar Bowl between Nebraska and Notre Dame. "They have a lot of speed and they're very physical. They've got some good players up front and they've got some good players in the backfield." Dawson said he expects the Huskers to be tough to score on.

"They're going to be very difficult for us to score on," he said. "They have a lot of talent and they're very well-coached. They're going to be a tough team to beat."

The Huskers are coming off a 31-7 loss to Alabama in the Orange Bowl last month, and Dawson said he expects them to be hungry for a win.

"I think they're going to come out and play very well," he said. "They're going to be very determined to get the win." Dawson said he expects the game to be a close one.

"I think it's going to be a tough game," he said. "Both teams are very good and they're going to be very competitive."

The game is scheduled to begin at 3 p.m. today.
