Fingerprints Lead To Arrest Of Suspect

By ROGER MORGAN

Fingerprints found in the course of a criminal case - a bullet box and an automobile - brought a break in the investigation and led to the arrest of a suspect who had been on the run for weeks.

The case began when the bullet-Box Police were called to a scene where a bullet had been found. The officer investigating the case, Detective John Smith, said the bullet was lodged in the passenger seat of a car.

The officer said the car was being driven by a man named John Doe. His license plate was UTX 1234, and he was last seen driving on State Highway 42.

Detective Smith said he had been following the case for weeks. "We've been all over town trying to find this man," he said. "He's been on the run ever since we found the bullet." apartment 630, 3rd Floor

Bitter Winter Storm Races Over Nation

Utah Snow Avalanche Injures 13

The United Press International reports that a winter storm is moving across the nation, bringing snow and high winds to many areas. In Utah, a snow avalanche has injured 13 people, including 8 firefighters.

The avalanche occurred near the town of Park City, where a group of firefighters was working to clear a snow-covered road. Suddenly, a large wall of snow crashed down on the firefighters, injuring 13 of them.

The firefighters were taken to a nearby hospital, where they received treatment for their injuries. The cause of the avalanche is not yet known, but it is believed to have been triggered by a strong wind.

Body Frozen—To Live Again?

LOS ANGELES (UPI)—A near-dying victim was brought back to life by a team of doctors at a Los Angeles hospital. The patient, a 50-year-old man named John Smith, was pronounced dead after a heart attack.

According to the doctors, who performed a surgical procedure known as "cardiopulmonary resuscitation," the patient's heart began beating again after they administered a synthetic hormone called "resuscin." The patient was then put on a life-support system and kept alive for several hours.

The doctors said they were able to revive the patient because they were able to administer the synthetic hormone to his body. The hormone is believed to stimulate the heart and other organs to function again.

The patient is now recovering and is expected to make a full recovery. The doctors said they plan to continue monitoring the patient to make sure he is safe and healthy.

Israelis, Syrians Exchange Gunfire

The Israeli Defense Forces and the Syrian Army exchanged heavy gunfire along the border in the Golan Heights region. The incident occurred near the town of Quneitra, where Israeli and Syrian forces have been engaged in a tense standoff for several weeks.

The Israeli Defense Forces said they were responding to Syrian artillery shells fired into Israeli-controlled territory. The Syrian Army said the shells were fired in self-defense.

The incident caused no casualties on either side, but it did escalate tensions between the two countries. The United Nations has called for de-escalation and a return to negotiations.

Riots Halted in Shanghai

The Chinese government has succeeded in quelling the riots that broke out in Shanghai last week. The riots, which began over the issue of food shortages, spread quickly and reached a peak on Sunday, with hundreds of people taking to the streets.

The government deployed large numbers of police and soldiers to restore order. The riots were put down with minimal loss of life, and the government has promised to take steps to address the underlying issues.

The government has also arrested several people who were responsible for inciting the riots. The arrested individuals are being held pending trial.

The riots in Shanghai are the latest in a series of protests and rioting that have been happening in various parts of China. The government has been under growing pressure to address the country's economic and social problems.
Gaddis Early Suspect

Across the border at a Mexican ranch near Juarez, a young man was identified as the man who many police believe killed Howard Gaddis,'s 8-year-old son in a shootout in the early morning hours of Sunday. The boy's name is not being released pending further investigation.

A Beloved Son

The shooting killed two young boys and a 5-year-old girl and wounded three others. The boys were playing in the yard of a house on the outskirts of the city when the gunfire started just after midnight.

The investigation continues as police try to determine the motive for the shooting. The boys were all friends who had been playing together earlier in the night.

McGee Snags 2 TD Passes In 35-10 Win

Kenosha Evening Journal, January 14, 1967
OCU Meets Swedes Here Tonight

Walt Johnson, OU coach, has been conducting the hiring session as the Mountaineers approach tonight's game against Swedes. The Sooners are gunning for their 110th straight win, a record which would be broken by Oklahoma this season. Johnson has expressed confidence in his players' abilities and is looking forward to the challenge of tonight's game.

Raincoat Studded With Diamonds

By ALBERTA GRAY

ROME, Aug. 18-One of the more festive and eye-catching designs in the Fall-Winter 1967-68 collection is the raincoat with studded diamonds on the sleeves. This version has large diamonds studded on the sleeves, a design that was featured in the collection of the American Fashion Designers.
Ladies Music Club Sets First Event of Year Wednesday

In Betty Childers

FIRST MEETING of the new year of the Ladies Music Club of Oklahoma City was held on Tuesday, January 19, at the Oklahoma Country Club. Mrs. P. E. Weatherly, president, introduced the program for the evening, which was entitled "Music of the 17th Century," and Mrs. Frank Foster, who was in charge of the program, spoke briefly on this subject. Following this, members were entertained by a group of young violinists who played music of the 17th century. A reception was held after the program, and members were invited to bring their own refreshments.
