Senator's Son Projects 'Youth Image'

Youngest Kerr Jumping Into Race

By Joe Carter

Senator Henry C. Kerr announced yesterday that his 17-year-old son, Mr. Joe Carter Kerr, will run for the Kansas House of Representatives on the Democratic ticket. Mr. Kerr said he had been prompted to run by the same political concerns that led him to the state Senate. "This is a new face on the political scene," he said. "I think it's important to have young people involved in government."

Missouri's Most Promising Politician

Missouri's Democratic Party has announced that it will support the candidacy of Mr. Joe Carter Kerr. "He is the bright young star of our party," said Rep. Wally Jackson. "He has a bright future in politics." Mr. Kerr, who has been active in local Democratic politics, will be the youngest member of the state legislature.

**Vast Military Budget Asked**

Washington, D.C. (AFP) — The White House asked Congress for a $47 billion increase in the military budget, raising the total to $749 billion for fiscal year 1973. The request, outlined in the President's annual budget proposal, is the highest in history and is expected to spark a debate in Congress over defense spending.

for instance, if answered and not a low price washer, but one costing twice as much, a negative result. When you shop and compare prices, be sure you know the facts. The low-priced alternate one may only be to get you in and sell you a higher price washer.

Ask about the guarantee. After all, it's your money that's going to pay for the washer. Just come right over and ask if the washer you're looking at carries a full one-year guarantee for a year on all parts and service. Then it's a real bargain. Granted we know how much money it would cost you to keep a low-priced washers a year. And that's the price of the other one, you know, because it and see it yourself doubles in price.

THE GUAR

Our personal Guarantee is our way of saying to you we are confident you will be satisfied with the service we give you. No matter what you buy at Evans, you have 30 days to change your mind. You paid the price to buy, but if you want to return it, you have 30 days to pay for it. This policy is our way of saying to you, 'If you don't like it, take it back. We don't care about the price.'

WHY don't all companies do this?

All we ask you to do is return it. In this case, there are no restrictions. We know this is the service that you want. We can't offer you this service if you don't want it. We know that some companies will say no. Others will say, 'We have a policy, but we cannot change it.' We want to say, 'We have a policy, and we can change it.'

We are not trying to sell you anything, but we do want you to buy from us. We know you want to buy from us, and we want you to be satisfied with your purchase. We want you to feel comfortable with your purchase. We want you to feel that you made the right decision. We want you to be happy with your purchase. Your Questions
Could Save You
Hundreds of Dollars.

For instance, if you answered on ad as a low price washer, but one
coating twice as much money is recommended when you shop and
ask for the best. Look out, chances are the low priced ad
placed was just bait to get
you in and sell you a higher price model.

Ask about the guarantee! After all this year's offer that is going to pay for the washer. Just come right
and ask if the washer you are looking at carries
a full and total guarantee for 5 years on all parts
and service. They don't take excuses. Demands to
know how much it would cost you to have a five
year guarantee on the washer. Add that to the price
of the washer plus interest if you finance it and
see if it doesn't double Evans price.
