Resolution Submitted, Passed At City Precinct Meeting

Gary Invited To Switch Parties

By J. NELSON TAYLOR

Formerly a Democrat who repeatedly voted in favor of restrictions on crime and criminals, citizens who had their property destroyed by criminals are today voting for a Republican alternative. Many of these citizens may not be voting for either Republican, but it is the Jeremiah Tarrington and other law-abiding people who will be the first to go to the polls to vote for a Republican. The city will be better off if the law-abiding, law-abiding people vote for the Republican, otherwise the city will be worse off.

The Oklahoma Democrat held his first precinct meeting of the year in the city, for the purpose of discussing the city's crime prevention. The meeting was attended by a large number of people, including many who were actively involved in the city's crime prevention efforts. The meeting was an opportunity for the people to discuss the city's crime prevention efforts and to voice their concerns.

The resolution was offered by Charles Schwab of Oklahoma City and the Republican Party. It would be offered again in the next precinct meeting in the city.

**Erase Vocational Stigma**

Continuing to strive while the few are striving to work out problems in education and to be recognized as a full-fledged profession. This is what the Business Men's Association of Oklahoma City plans to do with its annual meeting in Oklahoma City.

**State Editors Say**

**Stand Fast On Bonfire**

In a world of change, we must stand fast on the principles that have guided us through the years. This means not only standing firm on our beliefs, but also being willing to adapt as necessary. It means being open to new ideas and opportunities, while maintaining our core values. This is the only way we can continue to progress and succeed.

**Negotiations Make Sense**

As the negotiations continue, it is important to keep in mind that the goal is to make sense of the situation. This means being clear about our expectations, being willing to compromise, and being open to new ideas. It also means being willing to listen to the other side and being willing to work together to find a solution.
