Hospitalized Children To Have Valentine Party Today

Mrs. Barbara E. Black, principal of the Children's Hospital, announced today that a special Valentine's Day party will be held for children who are hospitalized this week. The party will be held on Friday afternoon, February 14th, and will feature games, music, and a special performance by the hospital's resident orchestra. The event is open to all children who are currently staying at the hospital, and families are invited to participate in the festivities.

Transmission Firm Served 1500 Customers Last Year

The transmission firm, based in the heart of the city, has announced that they served 1500 customers last year. The company attributes their success to a combination of excellent service and competitive pricing. They have also invested heavily in new technology, allowing them to provide faster and more reliable service to their clients.

New Zenith Hearing Aids Have Amazing Capacities

The new line of Zenith hearing aids has been released, and they are marketed as having amazing capacities. The company claims that their new technology allows for better hearing in noisy environments, and that the devices are also more comfortable to wear than previous models. Customers have been impressed with the performance of the new hearing aids, and sales have been strong since their release.

Britannica Offers Big Sales Opportunity

Britannica, the well-known reference publisher, has announced a big sales opportunity for the next quarter. They are offering discounts on their products for businesses and institutions that purchase in bulk. The company is hoping that this will encourage more organizations to use their resources, and they are confident that the sale will be successful.

Business Review

H&G Block Organization Is Set To Prepare 17½ Million Returns

The H&G Block Organization is preparing for a busy season as they get ready to handle 17½ million returns. The company has been working hard to ensure that their systems are in place to handle the large volume of work, and they are confident that they will be able to meet the demands of their clients.

Automatic Transmissions

Automatic transmissions have become increasingly popular in recent years, as they offer a smoother ride and better fuel efficiency. The technology has evolved significantly, and many new models are now available with automatic transmission as standard equipment.

Traditional Vows Recited

Traditional vows were recited during a wedding ceremony held at the local church. The couple expressed their love and commitment to each other in front of family and friends. The ceremony was simple yet meaningful, and the couple was overjoyed to be starting their new life together.

Britain"s Home Front

This section of the newspaper contains articles about the British home front during World War II. It provides insights into the daily life of the British people as they faced the challenges of the war.

Wooden Fears Letdown From Bruins

LOS ANGELES (AP) - It might not have been the classic series many had hoped for, but the Boston Bruins were pretty close to doing just that as the play-offs get started.

The Bruins found themselves in the midst of a series that, after all, we don't know how it will end. Taking a 2-1 lead back to the States, the Bruins will now get a crack at the Los Angeles Kings.

Poll Tabs Romney Over LBJ In '68

WASHINGTON (UP) - A new poll of the nation's voters shows that Sen. Barry M. Goldwater, R-Ariz., has pulled even with Vice President Hubert Humphrey and is within one point of President Lyndon B. Johnson in the race for the White House.

The poll, conducted by the Harris organization and released today, shows Goldwater with 39 percent of the vote, Humphrey with 38 percent, and Johnson with 31 percent.

The poll was based on interviews with 1,000 registered voters in the continental United States. It was conducted between Feb. 4 and Feb. 6.

The pollsters estimated that the margin of error was plus or minus 3.5 percent.

New American African Aid Policy Hinted By Officials

WASHINGTON (UP) - The U.S. government is considering a major new aid policy for African nations, according to officials.

The officials said the policy would focus on long-term economic and social development, rather than short-term military aid.

The officials did not specify which African nations would be included in the new program, or how much aid would be provided.

Leone Dies; Rites Pending

Grizzle's Service Set

New York (AP) - A new report by the National Center for Health Statistics indicates that the number of U.S. children who are overweight has increased by 30 percent in the past decade.

The report, based on data from the 1990 National Health Interview Survey, found that 20 percent of children aged 2 to 17 are overweight, compared with 15 percent in the 1980s.

The report also found that the increase in obesity among children is occurring in all age groups and in all racial and ethnic groups.

New York (AP) - Benjamin Smith, a 13-year-old from New York City, is scheduled to receive a heart transplant.

Smith was born with a rare heart condition and has been on the waiting list for a transplant for several years.

His doctors say the surgery is his only hope for survival.

Smith's family has been raising money to pay for his medical expenses.

Leone, a former boxer, died on Feb. 10 at the age of 65.

He leaves a wife and two children.

His funeral service will be held on Feb. 15 at St. Patrick's Church in New York City.

Grizzle, a retired police officer, died on Feb. 10 at the age of 80.

He leaves a wife and two children.

His funeral service will be held on Feb. 15 at St. Patrick's Church in New York City.
OVER 200 FACTORY PRODUCTION RUN SAMPLE QUILTED SOFAS OFFERS YOU $300 AND $400 SOFAS IN THE VERY NEWEST AND FINEST FABRIC AT 1/2 PRICE OR LESS TODAY

WHAT IS A PRODUCTION RUN SAMPLE?

In almost every upholstery factory today, there are very few master upholsterers. Most work is done on an assembly line where one man may only do a small part of the sofa or chair. The few master upholsterers with the designers and engineers make up a series of new items. These are to set the time and cost of the production run, break down each job of work into the basic fabric patterns for waste, and discuss other details that go into mass production. Because the sofas are all bench make by the ton, construction in a plant they are rarely equalled faster in regular production.

Every year we have a standing order for all sample runs of this factory. We get the samples at a 50% discount off of the regular price. We consider it a fabulous buy mostly because of the exceptional quality of the pieces. Come see them. We think you will agree.

These sofas are made up before the market and long before they go into production. The new fabrics are saved from the mill long before they are available to the public. If you get one of these sofas you will own it before the dealers who will carry it and chances are the fabric you get will be a far more expensive fabric than it will be featured in later. All in all we think sample runs are the most exciting buys we can make. Trouble is there just aren't enough of them so hurry.
