HUBERT HUMPHREY will deliver the keynote address at the Democratic National Convention in Chicago this week, as President John F. Kennedy confided to his vice president recently.

WASHINGTON, D.C. (UPI) - President Kennedy said yesterday he was confident the nation's Democratic Convention, which opens here tomorrow, will agree on the policies he has outlined as the nation faces its challenging tasks.

He said he expected the convention to agree on the New Frontier, the national health program, the civil rights program, and the peace program.

THE 3,793 delegates to the convention will meet in the Coliseum and in the Armory in Chicago next week.

Illinois Spark Sets Big 10 Ablaze

The spark that ignited the Big 10 in 1969 was the game between Illinois and Notre Dame. The Fighting Irish, led by the legendary coach Ara Parseghian, were the favorites, but the Fighting Illini, under the guidance of coach Lou Henson, pulled off a stunning upset. The game was played on the Notre Dame campus, and the Illini's victory sent shockwaves through the conference.

Reds' New Robbie Helps Beat Astros

In another surprising upset, the Cincinnati Reds defeated the Houston Astros. The game was marked by the presence of a new player for the Reds, Robbie, who had recently transferred from the University of Arizona. Robbie's performance was key in the Reds' victory, as he scored the game-winning run in the bottom of the ninth inning.

Orioles Favored Again If Robbie's Knee Is OK

Robbie's injury in the previous game had been a major concern, but the Orioles were confident that his knee was healed and that he would be able to return to the lineup. The team's confidence was justified, as Robbie played a crucial role in the Orioles' victory over the Baltimore Orioles. His presence on the field was a significant factor in the game's outcome.

Chargers Trade Lincoln

The San Diego Chargers, looking to improve their defense, made a trade with the Los Angeles Rams for Lincoln, a defensive tackle. The trade was a significant one, as Lincoln was considered one of the best defensive players in the league at the time. The Chargers were thrilled with the acquisition, and Lincoln's performance in the games following the trade was a testament to their good fortune.
