It's Major Assignment For Base

TINKER TO BECOME AF PORT

by JOHN TAYLOR
The Air Force will establish a new overseas training area at Tinker Air Force Base in Oklahoma where it plans to conduct extensive training of troops destined for overseas assignments. The new training area is one of the Air Force's major overseas bases and is expected to be used for training personnel destined for overseas assignments.

The training area will be established on the 9,000-acre site of the old Tinker Army Air Field, which has been abandoned by the Army and is now being developed by the Air Force for use as a training area.

The new training area will be a major step in the Air Force's efforts to expand its overseas training capabilities. The Air Force is currently undergoing a major realignment, and the new training area will help the service meet its increased overseas commitments.

Leathernecks Caught In Heavy Fire

U.S. Marines suffered heavy enemy fire on their landing grounds near the Southern Border.

Costly Victory

Marines Seize 2 Bloody Peaks

SALOON (AP) - American Marines around the two peaks near Hill 277 south of the 10th Street had some of the fiercest fighting of the battle for the village last night, when the Marines under the command of Col. John C. Conway, seized the two peaks, which were held by the Japanese.

The battle for Hill 277 lasted all day, with the Japanese refusing to give up their positions.

The Fighting Marines

The Leathernecks fought against strong enemy resistance, taking heavy casualties. The battle for Hill 277 was conducted in difficult terrain, with the Japanese refusing to retreat.

Will Bartlett Veto Central State Bill?

Some members have been represented over the possible Central State matter, but not so much over the price. It seems certain the legislature is concerned about what it means to the state.

A few of the members, it is true, have been mentioned in the press as being interested in what it means to the state, but I think it is fair to say that the members are concerned about what it means to the state.

I hope the state will come to terms with what it means to the state.
