Lawmakers Adjourn In Peace

Lawmaker has adjourned, but there was a great deal of activity on the floor as Members bustled about trying to complete their work before the scheduled end of the legislative session. The Senate was in session throughout most of the afternoon and evening, with Members working on a variety of issues. The House also held sessions, but adjourned early in the evening.

No 'Bloodshed' On DeWees

Governor's Final Address

Gov. Joe W. Barnett, in his final address to the Senate, the House, the academic community, the press and the people of Oklahoma, said: "We must remember that Oklahoma is more than a state. It is a community, a nation, a world. We must always remember that Oklahoma is our home, and we must do our best to make it a better place.

Legislation Has Answer For Harris

Legislators adjourned District Court and charged to the House for clarification. The new House Speaker, T.W. Harris, announced that the House would meet at 4:30 p.m. and adjourn at 6:00 p.m.

Vietnam Called Trigger

WWII Seen By U Thant

Tragedy in Vietnam, WWII, and U Thant's visit to the United Nations were the topics of discussion in the Senate and the House. The Senate adjourned at 4:30 p.m. and the House at 6:00 p.m.

National Guard Takes Over

Police SHOTS HALT NEGRO STUDENT MOB

The National Guard was called in to deal with a student demonstration in the city. The protesters were demanding equal treatment and an end to segregation. The Guard was able to restore order and prevent further violence.

Bewildering Maze

3 'Tom Sawyers' Lost Inside Cave

Three students, who were trying to explore a cave, became lost inside. The cave was full of twists and turns, and the students were unable to find their way out. The search party finally found them, and they were rescued.

Guerrillas Slam Base

BANDEL, Mo. (AP) - Anti-American guerrillas smashed Maloney Air Force Base in a pre-dawn attack Wednesday. The attack was carried out by a group of guerrillas, who used small arms and explosives.

Cops Arrest 126 Teachers

BATTLESTOWN (AP) - Three teachers were arrested after police were called to the school. The teachers were arrested for possession of illegal drugs.

Dead Mom's Arms Save Boy

In Edmond, a baby was rescued from a burning home by her mother's arms. The mother had thrown the baby out the window and then tried to save herself, but was unable to escape. The baby was unharmed, but the mother died in the fire.
Legislature Did Something To Help Almost Everybody

BY PUBLISHER

The past few months have been so exciting for those of us in Oregon who feel that more could be done to help the people who are in need. The Legislature has done something to help almost everybody.

First, there was the bill to improve the state's unemployment system. This will provide more support to those who lose their jobs, helping them to get back on their feet more quickly.

Next, there was the bill to increase funding for education. This will help to ensure that our children have the best possible start in life.

Then, there was the bill to improve healthcare. This will help to ensure that everyone has access to affordable healthcare.

Finally, there was the bill to protect the environment. This will help to ensure that we have a healthy planet for future generations.

Overall, the Legislature has done a great job of helping almost everyone. We can only hope that they continue to do so in the future.
What we have done in Oklahoma City since we painted our planes.

In only two years Braniff has increased the number of daily departing seats by 50%.

We fly 45% more people out of Oklahoma City every day than we did in 1964.

Through plane, one-stop service to New York City.

As well as a new all cargo jet freighter to Dallas, San Antonio, Wichita and Chicago, and connecting service to Houston.

And constructed a new cargo building.

Our average baggage delivery time has been shortened from 9 minutes to 6-4 minutes.

Where we used to have 537 pilots in 1964, we now have 1029.

And by 1973 we'll be flying the new Supersonic jets.

And increased the number of flights leaving Oklahoma City every day by 15%.

And we bring 45% more people into Oklahoma City than we did just two years ago.

One-stop jet service to Chicago via Wichita.

In the last two years we have opened a new ticket office at the new airport terminal.

We've put in a new communications network to speed up our reservations and flight information.

And we've introduced a new Fastpack ticket to help eliminate lines at the ticket counters.

Where we used to have an annual rate of 3,131,000,000 available seat miles in 1963, we now have an annual rate of 7,820,000,000 available seat miles in 1967.

And the daily number of departing jets from 0 to 9.

The first non-stop jet service to Denver.

The new service we have added from Oklahoma City since 1965 includes the first non-stop jet service to Houston.

Remodeled our city ticket office and departure lounges.

And computerized our flight planning to insure selection of the most comfortable altitude and route.

Where we used to have 365 hostesses in 1964, we now have 783 hostesses.

Where we used to have 19 turbine aircraft we will shortly have 73.

In other words, where we used to be a small nice airline, now we are nice and big.

Hippie Hates The Scene In Mexico

By HUGH MORGAN
Journal Staff Writer

MEXICO City — A sentiment unique to the American youth who have crossed the border to do their own thing.

This is a scene that has been frequently depicted in films and on television, the carefree, drug-laced lifestyle of the hippie. But in reality, the picture is quite different.

The hippie, as a group, has been viewed with contempt by the Mexican people. They see them as a threat to their way of life.

The hippie movement began in the United States in the late 1960s as a reaction to the Vietnam War. It was a time of social and political upheaval, and the hippies sought to find a new way of life.

In Mexico, the hippies were met with a different reception. They were seen as invaders, a threat to the traditional values of the Mexican people.

The hippies were often viewed as a danger to the safety of the community. In some cases, they were even attacked.

The hippie movement faded in the 1970s, but its influence can still be seen today. The hippies' desire for change and freedom is still a part of the Mexican culture.

What's Obscene In U.S.?

In 1973, the Supreme Court ruled in the case of Miller v. California that states could define obscenity in terms of whether the average person, applying contemporary community standards, would find that the work, taken as a whole, appeals to sexual prurience, has serious literary, artistic, political, or scientific value. The court established a three-part test for determining obscenity: (1) whether the average person, applying contemporary community standards, would find that the work, taken as a whole, appeals to sexual prurience; (2) whether the work, taken as a whole, lacks serious literary, artistic, political, or scientific value; and (3) whether the work, taken as a whole, lacks serious literary, artistic, political, or scientific value.

Green Thumb Guide

Weather Slows Lawns

BY ROGER PAYNE

Here you fertilized your lawn with a complete fertilizer? Have you planted your annual flowers this year? Do you want to get your vegetable garden planted? These are just a few of the tasks that need to be done before you get your lawn into shape.

Your Bermudagrass lawn has grown slowly this year because of the cool weather. As soon as warmer weather gets here, you will see that your lawn is starting to grow.

If you have needed a new lawn or have made any changes to your existing lawn, it is the same rate—more weather. You will need to start fertilizing your lawn this month.

Your hawks, that blizzard early spring, a few days, then their days out, and they are still red, but grass, but if they have started to turn, cut them off.

The weather has held back the shrubs and annuals, but this means that the lawn will need more water. Make sure to water your lawn properly at least once a week.

Dull Lawnmower Will Brown Lawn Brown?

BY MR. BEE, ENTERPRISE JOURNAL

There is a common belief in home lawn care that a dull mower will brown the lawn. This is not true. The color of your lawn is determined by the type of grass you have, not by the condition of your mower.

The key to maintaining a healthy lawn is to keep it well-watered and fertilized. A dull mower will not affect the color of your lawn, but it will reduce the effectiveness of your lawn care efforts.

Pro Tips For Top Price

WEATHERSTATION:—Bill Berke, owner of the Berke
tonsunflowers, is an enthusiastic gardener who loves to share his love for gardening with others. His expertise is in creating beautiful gardens for commercial and residential clients.

Here are a few tips for achieving a successful and healthy lawn:

1. Water your lawn properly: Aim to water deeply, but try to avoid watering too often. This can lead to a build-up of excess moisture in the soil, which can be harmful to your lawn. Aim for 1-2 inches of water per week.

2. Fertilize your lawn: Use a balanced fertilizer that contains nitrogen, phosphorus, and potassium. Follow the instructions on the package to ensure you are using the right amount for your lawn.

3. Mow your lawn regularly: Aim to mow your lawn every 7-10 days, depending on the weather and the growth rate of your grass. This will help prevent your grass from becoming too long, which can lead to problems like disease and pests.

4. Control weeds: Weeds can compete with your lawn for water, nutrients, and light. Use a weed killer or hand-pick weeds regularly to keep your lawn healthy and attractive.

5. Aerate your lawn: Aerate your lawn to improve water and nutrient uptake, and to encourage healthy root growth. This can help prevent problems like waterlogging and drought stress.

6. Mulch your lawn: Mulching helps to conserve water, reduce weeds, and maintain soil temperature. Use organic mulch like shredded leaves, grass clippings, or compost to protect your lawn from the sun's heat.

7. Prune your lawn: Prune your lawn to promote healthy growth and to remove any dead or dying grass. This can help prevent pests from taking over, and keep your lawn looking its best.

Remember, a healthy lawn is one that is well-maintained and regularly cared for. Follow these tips to ensure that your lawn stays healthy and beautiful all season long!
