Arabs Must Make First Move

By RICHARD W. NORDSTAD

The Jerusalem government has sharply de-
clined to agree to any cease-fire for the time be-
ing and has said it would not agree to any
cessation of hostilities until the entire
Arab population in the area withdraws to
its homeland in Jordan. This was made
public in a statement issued by the Arabic
language on Thursday. The statement said
that the purpose of the cease-fire was to
protect the interests of the country.

Prime Minister Levi Eshkol said that the
Arabs must make the first step in any
cessation of hostilities and that the
Jordan government must make the second.
