Disobedient Captain Convicted

ST. JACOB, S.C. (AP) - Rear Adm. Howard Levy, an accomplished military officer who appeared to have no enemies in the Pentagon, was convicted Friday of disobeying an order and making dishonest statements to Congress.

The court-martial board found him guilty on all five counts under the charge after deliberating for the better part of two days. The Navy's top criminal attorney told the board during the proceedings that this was the first court-martial board he has ever sat on aPlanet. The Navy's top criminal attorney told the board during the proceedings that this was the first court-martial board he has ever sat on.

Defense attorney Charles Monge Jr. said the court's decision could have serious implications.

"I have never heard of this kind of a situation before," he said. "It's like a new world, and the Navy is stepping out of it."

West Ponders New Approach

Whatzit's Name?

UNITED NATIONS (CBS) - A new weapon entered the arsenal of the United Nations today, as the Security Council unanimously approved the "Whatzit's Name" resolution. The resolution, sponsored by the United States and France, seeks to provide a new tool for international conflict resolution.

The resolution, which was introduced by U.S. Ambassador John Smith, calls on the Security Council to adopt a new method of resolving disputes. The Whatzit's Name approach would involve the use of a new weapon, the "Whatzit's Name", which can be deployed in situations where traditional diplomatic efforts have failed.

The United Nations has long been frustrated by its inability to resolve disputes peacefully. The Whatzit's Name resolution is seen as a major step forward in this regard.

No Jangled Nerves If You Live In 'Quietized' Home
By THERESA WALKER
Getting a good night's sleep, and not being disturbed by noise from outside, is important to many people. This is particularly true for those who work in noisy environments or who have sensitive hearing.

Another important aspect of having a quiet home is being able to relax and unwind after a busy day. Silence can provide a sense of peace and tranquility that is essential for mental health.

In recent years, there has been an increase in the number of people who are seeking ways to reduce noise in their homes. This can be achieved through various methods, such as installing soundproofing materials or using noise-canceling technology.

Ultimately, a quiet and peaceful home is one of the most important aspects of living a healthy and fulfilling life.

BUY a '67 Gibson today and forget it till....1977!

(That's when Gibson's ten-year warranty ends! Now wouldn't you say that any company that has the confidence to guarantee anything for TEN YEARS must build a great product?)

Gibson isn't worried about breakdancers. They've been in the business since 1877 and they really have a service call. Now they've doubled their warranty to ten years, so that new Four Door Freezer won't let you down. You'll get the best in the industry for many many years, and the other companies in the industry give you a refrigerator. Properly cared for, you can enjoy the longest operating cycle of any refrigerator on the market.

Now since a Gibson basically costs less than the other big name appliances, and since it comes with a ten-year warranty, doesn't it make good sense to buy Gibson? If you are interested in good value for your money, why not check with your dealer. If you buy anything else, you'll be in the cold.

Home Buying Hedge Against Inflation

The 1967 Spring Parade of Homes will officially open at 3 p.m. on Saturday and will enable for a fashionable touch.

"There'll be points of interest throughout the community," said H. L. E. chairman of the Parade, sponsored by the Oklahoma City Home Builders Association. "We've been showing the homes in the past years and we're glad to see that the home owners are taking pride in their homes.

"The Parade will give us an opportunity to show off the homes that we've built," said O. P. Davis, president of the Oklahoma City Home Builders Association.

The Parade will also show off the homes that are available to the home buyers, he said. "The Parade is a good opportunity for home buyers to see how the homes are built and to see how they are furnished."
