Despite Heat, Stylish Male Is 'Vested'

By REUVERA WALKER

-fashion editor-

The men of today dress for comfort with a cool, new, double-breasted suit. This Anthony's creation, in a rich blue-grey rayon, is all the rage. The cut is modern, and the suit is made of handsome seersucker fabric that gives a touch of elegance and ease.

No Summer Blues

They're arms around a wooden chair and sitting in a pair of blue jeans. Blue has been the color of the season for many years, and it continues to be popular this year. The double-breasted suit has been a favorite for men, and Anthony's has added their own twist to the classic design.

Blazers's Still Scoring

The blazer is one of the most versatile pieces in your wardrobe. It can be dressed up or down, depending on the occasion. The double-breasted suit is perfect for a casual outing or a more formal event.

Gadgets... Good Idea for Father

"Happy Father's Day"... to our dear father, who has always been there for us. We are grateful for all the memories and adventures we have shared together.

Piedmont Permanent Press Shirts

For work, travel or sport, these shirts are the perfect choice. They are made of a special fabric that resists wrinkles and dries quickly, making them ideal for any occasion.

With Come Clean™ Finish by Kleenex®

All types of clothes, from casual shirts to formal suits, can be washed in one easy step. The Kleenex® finish leaves clothes feeling fresh and smelling clean without the need for ironing or pressing.
