Hunt For Killer Pressed

By MANUEL MATTHIessen

Three Negroes were killed in South Vietnamese village riots today, and a fourth was wounded in a similar attack.

The victims died in their homes, while the village was under heavy shelling by South Vietnamese troops.

The village of Bien Hoa, located about 15 miles south of Saigon, has been the scene of several outbreaks in recent weeks.

Local sources told the Associated Press that the village has been under constant shelling by the South Vietnamese Army.

The village is a strategic point on the Saigon-Ho Chi Minh Trail, and is believed to be a major base for Viet Cong guerrillas.

The village has been under attack by the South Vietnamese Army for several days, and the government has declared a state of emergency.

The victims were identified as Tran Van, Tran Vinh, Tran Van Hieu, and Tran Van Phu. All four were villagers and were killed in their homes.

The South Vietnamese Army has been accused of using excessive force in dealing with the Viet Cong.

The government has ordered an investigation into the deaths of the four villagers.

The village is located near the border with Cambodia, and the government has warned that it will not tolerate any further attacks.

The government has also warned that it will not tolerate any further attacks.

Fresca makes sh-sherbet sh-shiver
Err: Fresca makes sh-sherbet. Quite a broader flavor. Just think your favorite flavor in for an icy dip, and it becomes an instant refresh, refreshing. It's a treat you can really get carried away on. So pick up lots of sherbert, and more than one canister of Fresca. Only the frisky taste of Fresca could make a drink this exhilarating. And of course, Fresca is sugar-free.

The frosty taste of Fresca. It's a blizzard!
