SAFETY舟山

"OYKOHAMA YACHT SALES"
HOLLYWOOD GADABOUT

BY SHELLAH GRAHAM

Now it's Laddie Rogers, the author of all those hilarious "MADAbout" columns, who's hitting the town! In "The Crisis," a new book by Michael Crichton, Laddie Rogers is portrayed as a hard-boiled, tough-talking private eye. In real life, however, Laddie Rogers is a gentle soul who enjoys spending his evenings at the local bar, "The Club," drinking cocktails and telling stories about his days as a reporter for the New York Times.

Some people say that Laddie Rogers' life is a bit too quiet compared to the real life of a private eye. But Laddie Rogers doesn't care. He's content with his quiet life, and he's grateful for the chance to write about it in his "MADAbout" columns.

Laddie Rogers' next book, "The Crisis," is scheduled to be released next month. It's a thriller about a private eye who must protect a wealthy businessman from a series of threats. Laddie Rogers says that the book is based on his own experiences as a reporter, and that he's looking forward to seeing how it's received by his readers.

Laddie Rogers is also hard at work on his next novel, "The Great Gatsby." He hopes to have it finished by the end of the year, and he's looking forward to sharing it with his readers.

Laddie Rogers says that he's looking forward to the future, and that he's planning to continue writing about his life as a reporter for many years to come. He says that he's grateful for the chance to tell his story, and that he hopes his readers will enjoy reading about it as much as he enjoys writing it.

WILD, WILD PLANET

By Richard C. Larson

It begins with the incredible...and that's just the beginning!

In a future where society has broken down, a group of survivors must cross a treacherous desert to reach a distant utopia. Their journey is fraught with danger, from the scorching heat to the dangers of the wilderness. But they are not alone. They are accompanied by a strange creature, a being of great power and mystery.

As they journey across the desert, they must confront their own fears and weaknesses. They must learn to trust each other and work together if they are to survive. And when they finally reach the utopia, they must decide whether to stay and build a new world, or to continue their journey into the unknown.

"WILD, WILD PLANET" is a thrilling, action-packed adventure that will keep you on the edge of your seat. It's a story of survival, love, and the ultimate test of a human's will. It's a story that will stay with you long after you've finished reading.

Van Dyke to Give Up Acting?

By SHELLAH GRAHAM

"I'm not sure what I'll do when I retire from acting," said Van Dyke. "Maybe I'll write a book, or maybe I'll go into business." The actor, who has been in Hollywood for over 20 years, says that he's thinking about his future and what he wants to do after he retires.

Van Dyke, who has been a fixture in Hollywood for many years, has won several awards for his acting, including an Academy Award for his role in "The Great Gatsby." He has worked on over 50 films, and has been nominated for several other awards.

Although he's not sure what he'll do after he retires, Van Dyke says that he's looking forward to spending more time with his family. He has a wife and two children, and he says that he's ready to spend more time with them.

"I've been working too hard for too long," he says. "I want to spend more time with my family and enjoy the things that I love."
Flash-Bulbers' Darling Carved Stormy Career
Sarrazin Sparks Flim-Flam Man

By JOAN CROSBY

Newspaper Enterprise Assoc.,
LEXINGTON, KY.

It's early afternoon in the beautiful Bluegrass country in central Kentucky. The sun is shining, and the world's most famous horse racing track is buzzing with activity. The Sarrazin Brothers, well-known Kentucky thoroughbred breeders, are at the center of it all. Their famous stallion, the Flim-Flam Man, is the talk of the day. But what sets him apart is his unique ability to communicate with humans, an ability that has captured the attention of horse lovers worldwide.

The young man with the long, curly hair and mustache is none other than the Flim-Flam Man himself. He is standing in the center of the track, surrounded by a crowd of eager onlookers. His eyes are bright with excitement as he engages in a lively conversation with a group of reporters. His words are clear and concise, yet filled with passion and enthusiasm.

MICHAEL SARAZIN

I was born and raised on a farm in central Kentucky. From a young age, I knew I wanted to be a part of the horse world. I started working with horses when I was just a child, and I knew that my destiny was to be near these magnificent creatures.

When I was 18 years old, I got a job working at a local stable. It was there that I met my mentor, an old horse whisperer who taught me everything I know about horses. He was the one who introduced me to the Flim-Flam Man.

The Flim-Flam Man is special. He has a unique ability to communicate with humans in a way that is both captivating and inspiring. His words have a way of reaching deep into the hearts of those who listen to him. He is a true inspiration, and I am proud to be a part of his life.

The Flim-Flam Man is not just a horse; he is a symbol of the power of dreams and the importance of following one's passion. He is a reminder that anything is possible if you believe in yourself and work hard enough.

The Flim-Flam Man will continue to inspire people for generations to come. He is a true original, and I am honored to be a part of his story. Thank you for taking the time to listen to his words, and may you be inspired by his courage and determination.

The Flim-Flam Man's Message

Believe in yourself, and never give up on your dreams. With hard work and determination, anything is possible. The Flim-Flam Man's story is a testament to this truth, and I hope that his words will inspire you to follow your own dreams and passions.

The Flim-Flam Man is not just a horse; he is a force for good in the world. He is a reminder that we can all make a difference in the world if we believe in the power of our dreams. So let us all lift our voices and celebrate the Flim-Flam Man, the true original.

Thank you for listening. May you be inspired by the Flim-Flam Man's words and may you always follow your dreams with courage and determination.

Flying Saucer 'Game' Goes Into 21st Year

By WILLIAM E. BROOKS

The Washington Post

WASHINGTON - It may be his first year, but Saucer, the new汁ard, already has great plans for the 21st year. His ambitious plans include opening a flying saucer restaurant, building a flying saucer theme park, and launching a flying saucer satellite to explore the distant planets. Saucer's goal is to become the first hunter of the 21st year.

"Flying Saucer, or UFO, is a real challenge," said Saucer. "I've got plans for the future and I'm not going to be stopped by anything."

Saucer's first order of business is to build a flying saucer restaurant. He plans to open it within the next month and it will be the first of its kind in the world. "I want to give people a chance to experience the thrill of being in a flying saucer," said Saucer. "And I want to serve them flying saucer food."

Saucer also plans to build a flying saucer theme park. "I want to create an environment where people can experience the thrill of being in a flying saucer," said Saucer. "We'll have rides, games, and other attractions that will allow people to experience the thrill of flying saucers."

Saucer's final goal is to launch a flying saucer satellite. "I want to explore the distant planets and learn more about the universe," said Saucer. "I want to bring the universe to people on Earth."

Saucer is not the only one who is planning for the 21st year. "I want to be part of the future," said another flying saucer enthusiast. "I want to experience the thrill of being in a flying saucer and I want to learn more about the universe."

Saucer's plans are not without their critics. "I think Saucer is just a publicity stunt," said one critic. "I don't think he has any real plans for the future."

But Saucer is not deterred. "I'm going to make my plans a reality," said Saucer. "I'm going to be the first hunter of the 21st year."
