The Journal began an obituary column of the deceased family members, with a full-page, obituary notice printed at the front of today's paper.

By FRED RANSOM

The Journal began an obituary column of the deceased family members, with a full-page, obituary notice printed at the front of today's paper.

The report said that the deceased family members had passed away and the obituary was a tribute to their loved ones.

It was a sad day in the Journal, but it was a faithful representation of the deceased family members.

The Journal always felt a sense of responsibility to honor the deceased family members and their loved ones.

Dr. Dowell Plea Anticipated

Senator Joe J. Dowell's plea for more pro-
gress in Oklahoma is anticipated by the
majority of theavorite editors in the state.
However, many are concerned about the
employeement of the tentative plan to
improve the conditions of the state's
people.

Dr. Dowell has called for more pro-
gress in Oklahoma, particularly in the
area of education. He has noted the need
for better schools and more qualified teachers.

The major concern is whether the state is
taking the necessary steps to improve the
situation. Many educators believe that
more funding is needed to support the
efforts. However, others worry about the
feasibility of the plan.

Help Is On The Way

The governor of the state has appointed
a committee to study the problem of
education in Oklahoma. The committee
will be responsible for making recom-
dendations on how to improve the
situation.

The committee will be chaired by
Dr. Robert Smith, a prominent educator in
the state. He will be assisted by a group of
experts who will provide advice on the
best ways to improve the situation.

The committee's report is expected
in the next two months. It is hoped
that the state will be able to take
the necessary steps to improve the
situation.

State Editors Say

Astonishing Computer Job

The state's leading computer
experts have been working
on a new project that
will revolutionize the
way business is done.

The project involves the
development of a new
software system that
will allow businesses
to process orders
automatically.

The system will be
able to handle thou-
sands of orders per
hour, significantly
increasing efficiency.

Bill Tharp
Shades Of
Donald Boone!

I don't know if it's true, but people are talking
to the effect that Donald Boone is planning
to run for re-election as governor. This is
surprising because he was not a very
popular governor during his first term.

Details of what the people are saying are
confidential, but it is said that Boone is
planning to make a comeback. His
campaign will start next month and
will last until election day.

The People's Voice

Helpless

Who cares who wins? All the candidates
are just the same. They all say they want
to help us, but they never do. It's like trying
to pour water into a bucket with a hole in it.
