Stapp Shows 'Great Courage'

Bertrand Russell Backs Sill GL

Bertrand Russell, British philosopher and 1950 Nobel laureate in literature, recently addressed the Senate on the issue of atomic weapons. In his speech, Russell called for a moratorium on nuclear testing and called for a world free of nuclear weapons. He also criticized the United States' policy of nuclear deterrence and urged for peaceful alternatives to resolve international conflicts. Russell's comments were well-received by many senators, and he received a standing ovation at the conclusion of his remarks.

For Midwest City $5.5 Million Vote Called

Will Jury Hear Tale Of 'Bribe'?

In neglecting to deliver on a promise to his voters, the mayor of a small Midwestern city has been charged with fraud. The mayor, who has been embroiled in a corruption scandal, is facing a $5.5 million lawsuit from investors who lost money after the mayor failed to deliver on a promise to build a new hospital. The mayor has denied the charges, saying he was misinformed about the project's feasibility. The city council is expected to vote on a $5.5 million bond issue to cover the costs of the lawsuit.

Senate Votes Pollution Bill

WASHINGTON, D.C. — The Senate today unanimously passed a bill to establish a pollution control agency. The bill, which was introduced by Senator John Doe, would establish a new agency to regulate the discharge of pollutants into the nation's waterways. The bill would also authorize $1 billion in grants to states for pollution control efforts. The measure was supported by both Republicans and Democrats, and it was expected to pass the House with little resistance.

It's Unanimous, 88-0

Number Machine Heart Of Contest!

Heart of The Oklahoma Journal's Lucky Number Sweepstakes Center is a new, one-of-a-kind, high-tech machine. This is the only machine of its kind ever to be successfully installed on a high-rise metropolitan newspaper. The machine, which is located at 6337 SE 29th Street in Midwest City, is called the "Number Machine Heart Of Contest!"

What this means is that you can enter for prizes from the comfort of your home. All you need to do is purchase a copy of the Oklahoma Journal and look for the Lucky Number. The machine will then generate a random number from 1 to 5000.

The prizes will be won on a first-come, first-served basis. The Lucky Number is not entered into any other contest or sweepstakes. The Lucky Number is not transferred to another person.

But here's the catch: you must purchase a copy of the Oklahoma Journal to enter. The machine is not available to the general public.

So, if you're a fan of the Oklahoma Journal, make sure to purchase a copy today. You might just be the lucky winner of one of the many prizes to be awarded by the Number Machine Heart Of Contest!
