Parrot Nips A Bit

Daisy Snatched?

Daisy, a young belted Mexican parrot, was taken a trip now and then and dialed through the door. This “Spanish” Cita Cito Club, 200 W. 17th, was the object of the theft.

Daisy was last seen Thursday morning when a member of the club called her at the back. She was on her perch. She was just as busy in the home as she was in the club.

Some smart alarm clock was set off around the doors that day and the parrot was discovered. The theft was reported to the police and the parrot was found. She was just as busy in the home as she was in the club.

John B. Morgan concludes.

The Who has one for the hard time at odd times or a chance.

Audit AllegeS Fund Misuse

BY WASHINGTONVILLE (AP) -- A recent audit of the tax funds collected and spent in the Town of Washingtonville has raised concerns about the efficient use of funds.

The audit, conducted by an independent firm, revealed several issues that could impact the financial health of the town. Some of the key findings include:

1. Over-allocation of funds to certain projects, leading to a shortfall in others.
2. Inadequate record-keeping, which makes it difficult to track expenditures.
3. Discrepancies in reported vs. actual expenditures.

The findings have prompted calls for increased transparency and accountability in the management of town funds.

Water Road 'Fabulous,' Dewey Says

AERIAL INSPECTION

Dewey, speaking at a press conference, emphasized the beauty of the Water Road project.

"The Water Road project has been a game-changer for our community," Dewey said. "The changes in traffic flow and safety have been remarkable."

The project, which was completed last year, involved the construction of a new bypass road that reduces congestion and enhances safety.

Closing Due On 10 Streets

The city is set to close 10 streets for necessary maintenance and repairs.

"This is a crucial step in maintaining the infrastructure of our city," said Mayor Johnson. "These streets are essential to our residents and visitors alike, and we must ensure they are in proper working condition."
