HOLLYWOOD GADABOUT

By SHIRLI GRAHAM

"I was born in France," said Sophie Hayes, "but I was brought up in Naples. That is why I have such a fondness for the city. I wouldn't have missed it even if I had to stay behind in the States."

Mrs. Hayes lives in a charming old house on the hillside overlooking the Bay of Naples. Her home is filled with pictures of famous people and souvenirs of her many trips around the world. She is always welcoming and friendly to those who visit her. It is not unusual to find her reading the newspaper or watching TV in the living room, which is filled with comfortable furniture and beautiful artwork. She enjoys hosting parties and gathering with friends from all over the world.

Judy Garland Needs 'Love, Not Money'

"I can't live without money," said the famous actress Judy Garland. "Money means everything to me. Without it, I would have nothing to live for."

Judy Garland is a well-known actress and singer who has won many awards throughout her career. She is best known for her roles in films such as "The Wizard of Oz" and "A Star is Born." She has been married several times and has had many children. Despite her success, Garland struggled with addiction and financial problems for much of her life. She died in 1969 at the age of 47.

"I don't want to be a has-been," said Garland. "I want to continue working and making movies. I need money to pay my bills and keep my family comfortable."

The 1960s were a difficult time for Garland. She struggled with alcoholism and depression, and her career began to decline. However, she continued to work and make films until her death. Her final film was "A Star is Born," which was released in 1957. She was laid to rest in the Hollywood Forever Cemetery in Los Angeles, California.
Duke To Star In 'Green Beret'

PORT SMITH, Okla. — John Wayne is coming to this area this week end to star in the movie "Green Beret." The film is about a U.S. Army Special Forces team on a secret mission in Vietnam.

The project was made by 20th Century Fox and is directed by John Sturges. The story is about a group of men who are sent to Vietnam to rescue a downed pilot. The mission is dangerous and the men must fight their way through the dense jungle to reach their objectives.

Wayne plays the leader of the Special Forces team. He is a tough and experienced soldier who has fought in many wars. The film is based on a true story of a similar mission.

The cast also includes Peter Graves, who plays the pilot, and Richard Boone, who plays the leader of the Vietnamese guerrillas.

The film is scheduled to start production next month and is expected to be released next year.
