Evangelist's Wife Shuns Limelight

By FRED TITUS

Tulsa's evangelistic battles are more than just a show for TV cameras and large crowds. The recent visit of Billy Graham's wife, Ruth, to Oklahoma City and Tulsa, revealed a side of the evangelist's work that is often overlooked.

Ruth Graham, who was in town for several days, spoke at a number of events, including a large concert in Tulsa. However, unlike her husband, she seemed more interested in the people she met rather than in the attention her appearance attracted. She spent time with local church members and visited with community leaders, demonstrating her commitment to the ministry.

The recent visit of a U.S. Air Force C-130 transport plane to Tinker Air Force Base in Oklahoma City has underscored the reality of the war taking place in Vietnam. The plane, part of the 431st Airlift Group, landed at Tinker on April 15, bringing back wounded soldiers who had been evacuated from the front lines.

The visit was part of a training exercise designed to test the capabilities of the base’s medical facilities. It also served as a reminder of the dangers faced by soldiers in Vietnam and the importance of their work.

Why not Write your own Bank Loan?

It’s hard to beat an offer like instant loans. Normally, it’s only available when they’re just as valid in Montreal or Seattle as they are in Oklahoma City. Like Travelers Cheques, they may be used in any kind of establishment, for any purpose. The key difference is: Bankers can send you nothing after you use them. That’s why we say “It makes good sense to get Bankers checks. Just in case.”

Bus Riders Can Save Time
Once John Q. Public rode the bus line, he realized the value of his Oklahoma City transit fare. Now, he’s a dedicated bus commuter. He discovered the travel problems in downtown areas can be solved by taking a bus rather than his car. The extra city parking problems, he said, “There is plenty of new parking areas during the busy hours and especially during holiday hours.”

In addition, Ike lies down the main road of the city. This service is offered to the public, and the Oklahoma City transit fare is a great way to save time and money.
