LIEUTENANT GOVERNOR'S DAUGHTER LOCKED IN CLOSET

Who'll DeNIGHT She's Sweet?

The daughter of Lt. Gov. George Nigh was taken from her parents' home in Oklahoma City and locked in a closet. The woman was last seen at her home on Monday night. She was found by her father, who said he had looked everywhere for her.

The girl, who is a student at Oklahoma State University, was last seen at 9:30 p.m. on Monday night. Her father, Lt. Gov. George Nigh, said he had been unable to find her since then.

"She's been missing for about four hours," Nigh said. "I've looked everywhere for her, but I can't find her."

Nigh said his daughter was a student at Oklahoma State University and was due to return home later this week.

The incident is being investigated by Oklahoma City police.

Outsiders' Aid Ranting

By Raymond Lee

WASHINGTON, D.C. - The Committee on Agriculture, which has jurisdiction over agricultural aid programs, has received numerous letters and telegrams from farm organizations calling for more aid.

The letter-writing campaign began last week, following the President's decision to cut farm aid.

"We cannot allow the President's decision to go unchallenged," said a representative of the American Farm Bureau. "Farmers across the country are feeling the effects of the President's decision and need immediate relief."

The letter-writing campaign has been supported by a number of farm organizations, including the National Farmers Union and the American Farm Bureau.

Committee Minutes Lack Of Defense

WASHINGTON, D.C. - The Senate Committee on Armed Services has approved a bill that would provide $5 billion for defense.

The committee, which has jurisdiction over defense issues, approved the bill by a vote of 52-48. The measure now goes to the full Senate for consideration.

The committee's approval of the bill was hailed by defense advocates as a significant victory.

"This is a major victory for the defense community," said a member of the committee. "It is a clear indication that the Senate is committed to providing the resources that our military needs to protect the nation."

**Bold Attacks Near Saigon**

**Cong Saboteurs Hit Base**

A significant attack on a United States Army base near Saigon was reported this morning. The attackers, believed to be Cong saboteurs, infiltrated the base and set off a series of explosions, causing significant damage to several structures. Four soldiers were injured, and the attack caused a temporary halt to ongoing military operations. The base, located on the outskirts of the city, is a hub for logistics and supplies for the surrounding area.

**2 City Women Live In Collector's Paradise**

Mrs. Carrie Johnson, director of the city's antique dealers, announced today that two local women have discovered a unique collection of rare and valuable artifacts. The collection, which includes early American furniture, Victorian porcelain, and a rare set of 18th-century silverware, was found in an old attic in a historic building in the downtown area. The women, who have been collecting antiques for over 30 years, are thrilled with the discovery and plan to exhibit the collection at a local museum.

Crutcho Project Accelerated

The Crutcho Project, aimed at improving the educational opportunities for the students of the Crutcho School District, has seen accelerated progress. District officials have reported significant improvements in student performance, attributing the gains to increased funding and targeted interventions. The project, supported by local and state initiatives, is on track to achieve its stated goals by the end of the academic year.

School Lunch Workers Attend Texas Meeting

A recent meeting in Texas has brought together school lunch workers from across the state to discuss best practices and strategies for improving meal programs. The gathering focused on issues such as nutrition, financial sustainability, and the impact of the federal government's changes to the school lunch program. Participants shared insights and solutions that could help schools across the state enhance their lunch services.

County Home Has 'Gone Modern'

The Oklahoma Home, located in the heart of a bustling city, has undergone a remarkable transformation. Once a place of quiet solitude, it now buzzes with activity and innovation. The staff, led by a visionary director, has implemented state-of-the-art technology to enhance the quality of life for its residents. With the help of donated equipment and a dedicated team, the home has become a model for modern geriatric care.

Patients Enjoy Home

In a warm and inviting atmosphere, patients are seen enjoying various activities. The home has installed high-tech entertainment systems, including large-screen TVs and interactive games, to keep residents engaged and entertained. The staff has also introduced a variety of culinary delights, allowing patients to explore different cultures and flavors.

Humpty's Jamboree

This week, Humpty's Jamboree, a popular local eatery, is offering a fantastic discount on their famous food. From October 3rd to October 9th, enjoy 10% cash back on all purchases, including a variety of mouth-watering dishes like bar-b-que chicken, glazed donuts, and apple pie. SDS Sets City Visit

The city of Oklahoma is gearing up for a visit from SDS, a leading technology firm. This year, the company has chosen to bring its latest innovations to the local community. The visit is expected to provide residents with access to cutting-edge technology and networking opportunities. The event is open to the public, and everyone is encouraged to attend and learn more about the future of technology.

Jury System Subject Of Debate

A recent study on the jury system has sparked a heated debate among legal professionals. The report highlights the challenges facing the current system, including bias, inefficiency, and the potential for error. Many experts agree that reform is necessary to ensure fairness and justice for all. The discussion is ongoing, and it remains to be seen what changes will be implemented in the near future.
