**U.S. Navy Backs Down**

**By HARLEY PEIRCE**

SALINAS (AP) - The fighting in Vietnam's South was won by America, but the U.S. Navy and Air Force fighter-bombers stuck too long in North Vietnam because of their lack of communication. The result: a long standing battle to win the hearts of the NVA's Vietnamese-Chinese military. The South Vietnamese and Chinese both knew they were fighting a war that was not theirs.

The war ended in a long standing battle to win the hearts of the NVA's Vietnamese-Chinese military. The South Vietnamese and Chinese both knew they were fighting a war that was not theirs.

You Can Count on Us... Quality Costs No More at Sears

YOU CAN COUNT ON US... FOR LOW PRICES
Sears searches the markets for low costs on good quality merchandise. Sears cuts unnecessary distribution and overhead expense to keep prices down! These savings are passed on to you. Sears shoppers make comparisons every day to help keep prices lower for equal quality. These professional shoppers are constantly checking prices, features, and quality—they shop from your point of view—to be sure that you get more for your money at Sears.

YOU CAN COUNT ON US... FOR GOOD QUALITY
Sears goods measure up to exacting specifications. Sears controls the quality from the raw material to the finished product; thousands of tests, thousands more are thoroughly tested in Sears' laboratory, the largest merchandise-testing laboratory in the world; many articles are sent into the field for actual use; and everything is factory-inspected and store-examined. Sears knows the products have quality before they're offered to you.

YOU CAN COUNT ON US... FOR WIDE ASSORTMENTS
You'll find Sears the big store in town. Why? Because you can pick from more than 200,000 different things; you can buy over the counter or from catalogs. “Charge” your purchases or pay cash; do as you please. Remember, you need no down payment on anything you buy at Sears on credit. And, there are several credit plans to fit your needs.

YOU CAN COUNT ON US... FOR RELIABLE SERVICE
Sears maintains a nation-wide force of trained experts who work on Sears appliances when you want service. They're not jack-of-all-trades mechanics, but exclusive Sears specialists. Sears also has replacement parts available for the reasonable life expectancy of anything you buy at Sears.

YOU CAN COUNT ON US... FOR SATISFACTION
Sears policy, “Satisfaction Guaranteed or Your Money Back,” is not just a slogan, but a day-by-day promise to you. Sears greatest asset is your continued satisfaction, going far beyond the ringing of the register.

YOU CAN COUNT ON US... FOR FRIENDLINESS
You'll get friendly greetings and helpful assistance when you shop at Sears because the folks who serve you are part-owner in the Company. Sears people are your friends and neighbors—you'll never be a stranger here.

BUY a ’67 Gibson today and forget it till....1977!

(That’s when Gibson’s ten-year warranty ends! Now wouldn’t you say that any company that has the confidence to guarantee anything for TEN YEARS must build a great product?)

Gibson isn’t worried about backlashes. They’ve been in the business since 1873 and they wouldn’t have a service call. Now they’ve doubled their production in the past nine years and they’re now General Motors—that’s double the guaranteed time most other companies in this country give you to repair your instrument. And they claim they can always keep the largest stock of parts in the country.

Now does a Gibson really care less than the after the sale equipment, and come how to run and it worry free for ten years. Doesn’t it make people go out and buy Gibson if you are interested? Well, you can’t worry about it. If you buy anything else, you’ll be out to the till...

G. M. Dodson

D.M. Dodson was born and raised in Oklahoma City in 1920. He was an employee of the Oklahoma City Public School System for 40 years. During his tenure, he rose to the position of Superintendent of Schools.

On December 29, 1966, G.M. Dodson sold his high school to his brother-in-law, Mr. Davis, who operated it as the Davis School. Mr. Dodson then became the owner of the Dodson Construction Company, which he ran for 25 years.

The company specialized in the construction of schools and commercial buildings. During this time, Mr. Dodson became a member of the Oklahoma State Board of Education and served as its chairman from 1969 to 1974.

In 1979, Mr. Dodson sold the company to his son, Mark, who continued to operate it until his retirement in 2005.

The company is now under the ownership of his grandson, Jonathan, who has continued to expand its services to include residential construction.
