**It Doesn't Pay To Beat The Big 3, Danny Boy**

By Dan McCleary

What’s the difference between the Big 3 and the Big 1? The Big 3 is a stable of great players, while the Big 1 is just a single player. The Big 3 has been dominating the league for years, while the Big 1 is a one-hit wonder. The Big 3 works well together, while the Big 1 is a solo act. The Big 3 is a team, while the Big 1 is an individual. The Big 3 is always there, while the Big 1 can be overcome. The Big 3 is a force to be reckoned with, while the Big 1 is just a player. The Big 3 is a dynasty, while the Big 1 is a one-year wonder. The Big 3 is a winning combination, while the Big 1 is a losing proposition. The Big 3 is a reliable option, while the Big 1 is a gamble. The Big 3 is a sure thing, while the Big 1 is a risk. The Big 3 is a proven winner, while the Big 1 is an unproven quantity. The Big 3 is a consistent performer, while the Big 1 is an inconsistent performer. The Big 3 is a team that can adapt to any situation, while the Big 1 is a player who can't adapt. The Big 3 is a group that can work together to achieve a common goal, while the Big 1 is a player who can't work with others. The Big 3 is a team that can overcome any obstacle, while the Big 1 is a player who can't overcome obstacles. The Big 3 is a dynasty that will be remembered for generations, while the Big 1 is a player who will be forgotten. The Big 3 is a team that will be remembered as the greatest, while the Big 1 is a player who will be remembered as a failure.

FOR YOUR CAR

FREE REPLACEMENT

if a Riverside L.M.T. fails due to road hazards or defects
AND...
EVEN IF THE TREAD WEARS OUT!

LIFETIME QUALITY ASSURED
ROAD HAZARD GUARANTEE:
Guaranteed against failure from scrapable punctures, cuts, tears, and damage in normal use; new tires and/or defects in material or workmanship. The applied tire (not to exceed 150,000 miles) shall be replaced at no cost to the customer. The replacement tire shall be the same size and type as the original tire, and the original tire shall be returned to the customer. The tire replacement does not apply to tire damage due to abuse or misuse.

WARRANTY GUARANTEE:
This guarantee is limited to tires of All-New Riverside tires only. Tire replacement does not apply to tire damage due to abuse or misuse.

The only tires you can buy with guaranteed free replacement on tread wear. Here’s why...

The Riverside L.M.T. is a completely new tire. The only one of its kind. It has a new polyester body cord that’s as strong as steel. Yet as smooth riding as nylon. Real as rubber riding as Rayon. And the L.M.T. has not 2, but 4 full plies of polyester cord—for extra mileage and strength. The L.M.T. is concave molded like the riding tires that go the full 500 miles at Indianapolis. New concave molding lets the L.M.T. run cooler, thus it has longer "Glass." (It’s a fact, even footprints for greater traction and even tread wear. A new high-speed, wrap-around tread makes the L.M.T. at home on turn or on the hard road. And it’s slip-free, to give safe traction for the life of the tread. It all adds up to a new kind of tire. One that can perform as well as it’s guaranteed. And no other tire you can buy is guaranteed like the L.M.T. replacement.
