BY RAPID RAIL SYSTEM

Yes, You CAN Get Here From There

By rapid rail system you CAN get here from there. The new rail service has been inaugurated on the 15th of this month. The new trains run every hour during the day and every 30 minutes at night. The trip from Oklahoma City to Chicago takes only 12 hours, a tremendous saving over the old rail service.

'68s Top Secrets are here
1968 Chevrolets

The '68 Chevrolet is the most advanced automobile. Every single feature was put into this new model with the utmost care. Chevrolet engineers have worked hard on the aerodynamics of the body. The lower front bumper and the front fenders are aerodynamically designed to help reduce wind resistance and improve fuel efficiency. The fins are not only decorative, but they also help with cooling and reduce drag. The side mirrors are larger and more efficient, providing better visibility. The rear window is larger, and the doors have a new lock system.

Be smart! Be sure! Buy now at your Chevrolet dealer's.

Football Picnic Gives Pick-Up To Sooner Fans

GAME TIME! - The big games are coming, and this year you're going to want to make sure you're ready to cheer your team on. An outdoor football picnic can be a great way to support your favorite team and have fun with friends and family. Here are some ideas to make your picnic a success:

1. Start with some classic football snacks like potato chips, hot dogs, and hamburgers.
2. Make a variety of sandwiches and wraps.
3. Include some fresh fruit and vegetable options for a healthier choice.
4. Don't forget the drinks! Set up a few options, including soda, water, and juice.
5. Consider setting up a DIY hot dog bar with different condiments and toppings.
6. Set up aサn outdoor space for your guests, like a fire pit or a seating area.
7. If the weather allows,play some football games like touch or flag football.
8. Finally, don't forget to have fun and enjoy the game!

Putnam City School Bond Vote Slated

BURBANK, Okla. (AP) - The Putnam City School Board here will ask its voters to support a $20 million bond issue to pay for new schools and renovations.

The bond issue, which was approved by the school board at its special meeting Monday night, will go to a referendum in the general election in December.

The bond issue would provide funds for the construction of a new elementary school, a new junior high school, and the renovation of an existing high school.

The new elementary school would be built on the site of the current elementary school and would accommodate 1,500 students.

The new junior high school would be built on the site of the current junior high school and would accommodate 1,200 students.

The renovation of the existing high school would include the addition of a new gymnasium, a new library, and the improvement of existing facilities.

The Putnam City School Board is hoping to raise the necessary funds through the bond issue to provide the best possible education for its students.

The bond issue would be issued at a cost of 10 cents on the dollar of property tax, which would result in an increase of approximately 1 mill in the school property tax rate.

The school board is confident that the bond issue will be approved by the voters, and they are looking forward to the construction of the new schools and renovations.
