War Protest Drag To Close
OFFICERS CARRY AWAY LAST LIMP DEMONSTRATORS

WASHINGTON (UPI) - A small group of student demonstrators were arrested outside the Pentagon early Monday, ending the largest anti-war demonstration in the capital's history.

When demonstrators pressed onto Arlington National Cemetery grounds early Monday, police stopped them at the gates of the national monument. Officers then arrested the protesters who were protesting the Vietnam War.

Officials said the protesters were planning to march to the Pentagon to call for an end to the war. The demonstrators were arrested after they refused to leave the area near the gates.

Israel Calls Egypt Attack 'Despicable'

JERUSALEM (UPI) - Israel's military aid to Egypt of $28 million is a "despicable" act and will assist with the disruption of the peace in the Middle East, said President Anwar Sadat.

Sadat's statements were made during a ceremony to open a new international airport in Egypt.

The statement comes in response to the Egyptian government's decision last week to sell $28 million worth of military hardware to Israel.

20,000 Due For Session

Oklahoma’s 3,000 teachers will be meeting something new this year at the OAEA Fall Convention of the Oklahoma Education Association.

FOR THE FIRST time this year the educators will meet on Monday and Tuesday instead of the usual week Thursday through Monday. They will receive a special bonus of extra sessions.

Former Phillips, associate secretary of the State Board of Education, said that this registration should be above the black gold that year after almost 3,000 showed up for the same employers’ convention.

The teachers will meet again in the spring at the Governor’s Atrium which is held around April 10th. Phillips said that the convention was held at the Governor’s Atrium which was renovated last year and renovated Cost Center this fall.

"We are pleased with the facilities at the Governor’s Atrium," Phillips said. "The only reason that we meet there is that there is also more than enough space and the view is beautiful.

He explained that the convention’s retaining program ensures that a sufficient number of participants will be present to carry out the goals of the convention. This year’s convention is expected to have an attendance of around 2,000.
