Senators OK Tinker Pay Hike

- It's $7.2 Million Boost For Sooner Economy

WASHINGTON — Mike Monroney's Senate Post Office and Civil Service Committee approved a bill Monday that would give employees at the Tinker Air Force Base a 3.5% pay raise.

The measure, if approved by the Senate, would give the 13,000 employees at the base an average increase of $7,200 per year. The bill would also increase the number of employees at the base by 1,000.

The bill was introduced by Sen. Strom Thurmond, R-S.C., and Sen. Robert Byrd, D-W.Va., who said the base was in need of a pay raise.

The bill was approved by a vote of 95-0 and sent to the Senate floor for consideration.

Judge Delays Action On Pike Order

Trust Doubts Bared

District Judge John Carreras was ordered to appear in court on Wednesday to explain his decision to grant an order of protection to a Pike County resident.

The order was granted to protect the resident from harassment and threats made by a neighbor, who has been named as a suspect in the case.

The neighbor, who has a history of violence, was ordered to stay away from the resident and to surrender any weapons in his possession.

The case has raised questions about the effectiveness of the order, as the suspect continued to make threats against the resident.

The resident was granted a restraining order earlier this month, but the neighbor has ignored the order and continued to harass the resident.

Henry Fonda Caught In Middle

Just as he did in his other memorable roles, Henry Fonda just can't seem to catch a break. In his latest film, "A Woman's World," he plays a widower with a teenage daughter who falls in love with a boy. The situation is complicated by the fact that the boy is also involved with another girl. Fonda's performance is praised for its emotional depth and complexity. The film is directed by none other than Frank Capra, whose work is known for its ability to capture the essence of small-town America. Despite the critical acclaim, the film has struggled at the box office, much to the chagrin of Fonda and his producers. Nevertheless, Fonda remains committed to his craft and is already hard at work on his next project.

Fare For Holidays...

Peanuts Become Traditional Fare At Holiday Season

Turkey Takes On New Flavor
For years to come, the holiday season will feature turkey tidbits in all parts of the country. The neat little tots that your momma served in "mess" trays were a hit, but turkey tidbits are being given a new twist these days...with a delightful cream sauce and a dash of sour cream that complements the flavor perfectly.
