Hospital 'Steps Out Of Dark' ✯ Mental Care Unit Opens Doors To Press ✯

By NADINE CLARKE

Psychiatric treatment in Oklahoma City took a step toward the light of day on Tuesday with the opening of Oklahoma City's new mental care unit at the Oklahoma City Hospital.

The unit, which is part of the larger University Medical Center complex, is designed to provide a comprehensive range of mental health services, including inpatient and outpatient care, as well as consultation and education.

The opening ceremony was attended by patients, staff, and community leaders, who celebrated the new facility as a significant advance in the provision of mental health services in Oklahoma City.

Board Races Led By 'Psychiatrists'

Two psychiatrists led the board of directors of the American Psychiatric Association at its annual meeting in Miami Beach, Florida, last week. Dr. Benjamin B. Cohen, president of the American Psychiatric Association, announced that the two psychiatrists who were elected to the board were Dr. John H. Sifton of New York and Dr. William F. O'Sullivan of Boston.

The two psychiatrists were elected by acclamation and are expected to serve on the board for a period of two years.

Fierce Battle Continuing On Hill 875

Radnor (CTA) — Despite heavy loss of life, both sides continued to battle for control of Hill 875, which is considered vital to the defense of the town.

One of the last places where the two sides were engaged was on the slopes of Hill 875, where the enemy was attempting to gain a foothold.

Bonds Forced For Expansion Of City School

The board of education of the city of Oklahoma City voted unanimously to issue bonds to finance the expansion of the city school system.

The bond issue, which will be issued in the amount of $1 million, will be used to construct new schools and to improve existing facilities.

State Changes Plan For Freeing Parolees

Under the old method, parolees were required to be gainfully employed. However, under the new plan, parolees will be allowed to remain unemployed for a period of six months after their release.

The new plan was announced by the state parole board, which said it believes that parolees should be given the opportunity to establish themselves in the community before being required to find employment.

The plan, which is intended to provide parolees with the opportunity to become self-supporting, will be phased in over a period of three years.

Housing Fund Softened

Renewal Funds Threatened?

The housekeeping department of the Oklahoma City Hospital was given a boost on Tuesday with the opening of the new mental care unit.

The unit, which is part of the larger University Medical Center complex, is designed to provide a comprehensive range of mental health services, including inpatient and outpatient care, as well as consultation and education.
