**The Oklahoma Journal**

**By DAVID BRADBURY**

The U.S. is winning the Korean war, but 
for a moment please let us break away 
from the news of our war and consider 
the activities in the Oklahoma City 
Airport. At the time of the Oklahoma 
Journal, that airport is the scene of 
continual activity. The day before the 
early morning flight, the day before the 
Saturday morning flight, the day before the 
Wednesday morning flight. The 
airport is a hive of activity. The news of 
the war is not ignored, but it is not the 
only news.

**Rogers Says He'll Give Approval**

By JOE CARTER

Secretary of State John Rogers today 
indicated that Oklahoma would 
not "hold up" on the "right to work" 
initiative petition by the United 
Labor Party. The plan, 
which would allow 
employees to opt out of 
collective bargaining where 
their fellow workers 
have voted for it, 
is still alive.

Governor, was a major step forward 
for the state of Oklahoma.

**Inquiry Scorched By Purcell Paper**

State Treasurer Leo Wint 
was being "thoroughly 
scrutinized" by the 
Purcell Republican, the 
newspaper that has been 
strongly critical of the 
treasurer's handling of state 
money.

Planning Group OKs Zone Change For 49 Acres

Oklahoma City Planning Commission Thursday approved a rezoning request for an area of property north of 36th Avenue East and east of N. Portland.

The commission considered three options, but the recommendation was to approve the plan as presented.

The recommendation was unanimously approved by the commission.

Lab Report In Slaying Nets Leads

An FBI lab report in the murder of Margaret Mead was presented to the jury yesterday, but it was not presented in court.

The lab report did not identify the killer, but it did rule out the possibility of a natural cause of death.

The report stated that there was no evidence of foul play and that the death was accidental.

The lab report was shown to the jury and was a key piece of evidence in the trial.
