Reds Break True 38 Times

And It's Only Half Over, U.S. Officials Note

The United States is still in its early days of the Korean War, and the officials are noting that the Reds are breaking the true 38th parallel. The officials state that the Reds are crossing the 38th parallel and are making progress in their advance. The US officials are indicating that the Reds are only half over the 38th parallel and that the war is far from over. The US officials are warning the public to be prepared for a long and drawn-out war.
