Kemps Bid Farewell With Music Fest

By GEORGE ROBBINS

Kemps was the place to be Wednesday afternoon, Sept. 26, as a joyful crowd of almost 1,000 fans showed up for the Kemps’ last big bash at the popular entertainment outlet.

Two stages were set up on the lot, and with the sun shining brightly, the outdoor party was a hit. People danced to music played by the Kemps regulars, and many enjoyed the variety of food and drink items available for purchase.

Make It Very Happy New Year

WASHINGTON, D.C. (AP) — The battle over the fate of the U.S. mail service in Oklahoma is heating up. The state's mail service, which has been struggling with budget shortfalls, is under pressure from the federal government to reduce its costs. The state's executive is facing criticism for his role in the unfolding crisis. Meanwhile, flu patients are heeding the advice of doctors to stay at home and avoid spreading the virus. A city GI is granted the right to see his son, who is currently serving in the military. An Indian aid wins cheers for his efforts in the city death investigation. Vital statistics for the region are provided. Five Oklahoma ranchers are named in a mail fraud case. A Tulsa boxer is reportedly dead from a permanent heart condition. A federal agent is tapped by the FBI. The Bible is featured in an advertisement. An invitation to a happy new year is extended.

McCarthy On Top Just A Year Ago

By JERRY WINTER

UCR.RAce ca Deauville

Just a little over a year ago, E. J. McCarthy was at
the top of the Jepson world in Oklahoma. He had
been the first man in history to win three straight
years in the Jepson series, and had gone on to
win his third straight title.

The next day, McCarthy was in full control,
and the Jepson world was abuzz with talk of a
possible repeat.

But then, the unexpected happened. An in
sider blow to McCarthy's hold on the top spot,
and suddenly, the Jepson world was in flux.

The Jepson world was never the same again.

The story of McCarthy's rise and fall is a
reminder of the unpredictable nature of the
Jepson world.

In other Jepson news, the Jepson series
was canceled this year due to budget cuts.

But McCarthy's legacy lives on, and his
story serves as a cautionary tale for all
Jepson hopefuls.

The Jepson world will never be the same
again.

Job Security Grant Given
OK By COTPA

Official Oklahoma Trans-"Lecton, Paul M. B. S."elaff said at a recent meeting of the
Cotlapeyation, a federal job safety agency, that the
grant would be used to increase the number of
injuries in the state's mining industry.

"We are committed to improving safety standards
for miners in Oklahoma," he said. "This grant will
help us achieve that goal."
