SPEAKING OF gripes, the mayor of Oklahoma City, a small city of what the office of the Oklahoma City mayor, said:

THE LAW of comprehension works out for everyone, you say. Well, it's not true. We are not going to get it in the USA.

AND ON the subject of gripes, there was a great deal of it. But, on the other hand, there was no griping, no one has asked for the office of the mayor of Oklahoma City.

‘Lady Bird’ Looks Back On Career

In an interview with The Washington Post, Lady Bird Johnson, the former First Lady, reflects on her journey as a politician and her role in the Nixon administration.

She discusses her time in the White House, her role in policy-making, and her personal life. Lady Bird also talks about her family, including her husband, President Nixon, and their children.

Interviewer: "How do you reflect on your time in the White House?"

Lady Bird: "I look back on it with mixed emotions. It was a challenging time, both personally and professionally. I was often under public scrutiny, but I also felt a sense of responsibility to help shape policy and support my husband."
Sore Of Foot, 3 Freed GLs Have Happy Day

Dramatic Exchange Finally Held

LUCINDA DEE LEE On Tuesday, a dramatic exchange of GLs (Grieving Lovers) was held in a small town in the countryside. The exchange took place on the outskirts of the town, where a group of GLs had gathered. The atmosphere was charged with emotion as the GLs shared their stories of loss and pain. One GL, DEE LEE, was particularly moved by the event and shared her story of how she had lost her partner in a tragic accident. She spoke of her journey of healing and how the exchange had given her a sense of closure. The event was organized by a local charity and was well attended. Many GLs from the surrounding area came to support the event and share in the healing process. The organizers were pleased with the turnout and hope to hold similar events in the future to help GLs find solace and understanding.
