'Hair' Cast Booted

Mexico Calls Play 'Corruptor'

ACAPULCO, Mexico—(UPI—Acapulco police Sunday night removed the cast of the American musical hair from the Byblos store in the Mexican beach resort. The Pacifica Playwrights' Guild, which produced the show in the United States, was informed that the Mexican government had forbidden the production on the grounds that it was "corruptor of morals of youth."

The Mexican government, which has a reputation for strict moral codes, recently banned a play by a British author because it was thought to be "corrupting of morals."

In this case, the Mexican authorities have taken a similar stance, asserting that the musical is offensive to moral standards. The cast of 'Hair' was removed from the Byblos store, where the production was being held, and was transported to another location.

On the eve of the ceremony, the entire cast and crew staged a sit-in protest, holding picket signs and chanting slogans about free speech and artistic expression. The protest was met with a heavy police presence, and the cast was eventually forced to disband.

In a statement, the Pacifica Playwrights' Guild condemned the Mexican government's actions, calling it a violation of the First Amendment and a suppression of artistic freedom. The organization has vowed to continue fighting for the right to perform the show and has filed a lawsuit against the Mexican government.

The U.S. Embassy in Mexico has expressed its concern over the incident and has urged the Mexican government to respect the rights of artists and their freedom of expression.

Lodge to Lead Team in Paris

New View Is Sought By Nixon

By DON OBERDORFER

NEW YORK—President Nixon’s choice for ambassador to Paris, Joseph S. Nye Jr., is in Paris this week to discuss the new U.S. strategy for Vietnam and the future of détente with American officials.

Nye, who was previously U.S. ambassador to the United Nations, is expected to be a strong advocate of détente and a vocal opponent of U.S. military involvement in Vietnam. His appointment has been met with mixed reactions, with some lawmakers and analysts expressing concern about his lack of experience in foreign affairs.

In his meeting with American officials, Nye is expected to discuss the U.S. strategy for Vietnam and the future of détente. He is also expected to address issues such as the role of the United Nations in resolving international conflicts and the importance of peaceful resolutions to disputes.

Nye is a respected scholar and author, known for his work on international relations and diplomacy. He has been a vocal advocate of détente and has been involved in several diplomatic initiatives.

2 Receive New Hearts

Doctors in Kansas City, Mo., have performed the first successful heart operation on a human being, using a mechanical heart.

Doctors from New York and other medical centers have been invited to observe the procedure, which could revolutionize the treatment of heart disease.

The operation, performed by Dr. Thomas Purdy, involved the insertion of a mechanical heart into the patient’s chest, providing a temporary replacement for the diseased organ.

In other news, the first successful heart transplant operation has been performed in Russia.

Train Blast Starts Fire

By WES PENDLEY

Three liquid propane gas explosions occurred in a freight car on a railway train in Oklahoma City. The explosions were so violent that the train was destroyed, and several cars were damaged.

The cause of the explosion is unknown, but it is believed to have been caused by a gas leak in one of the cars.

Hussein Sees New Danger

The King of Jordan, Husseini, warned his people about the dangers of the Arab-Israeli conflict, saying that the United States and the United Nations are failing to provide adequate support.

Hussein also criticized the Israeli government for its treatment of the Palestinian refugees and the occupation of Arab territories.

Gasoline Truck Hits Plane

A gas truck driver at Will Rogers Airport was killed Monday when a truck hit a propeller-driven airplane.

The accident occurred at around 7:30 a.m., when the truck driver was attempting to make a delivery to a nearby airport terminal. The truck clipped a wing of the plane, causing it to crash into the terminal.

The pilot of the plane was not seriously injured, but the truck driver died at the scene.

The investigation into the cause of the accident is ongoing, and the FAA has been notified.

Near-Disaster Averted at Will Rogers

The pilot of a small aircraft was able to make a safe emergency landing Monday afternoon at Will Rogers Airport, preventing a major crash.

The plane, a Cessna 172, was flying near the airport when it encountered strong turbulence and lost control.

The pilot managed to make a successful landing, avoiding a collision with a nearby building. The plane suffered minor damage, and the pilot was not injured.

The FAA is investigating the incident to determine the cause of the turbulence.
