She-Chasers' Not Worth It

By HELEN WATTS

She-chasers are not worth it. In fact, they are a bother. They follow you around and try to talk to you. It's really annoying. I recommend not speaking to them.

Fashion Show: Popular Entertainment for Clubs

BY ELIZABETH WALKER

SO YOUR CLUB wants to put on a fashion show? If so, you're not the only, fashion-conscious group in the city. Most Oklahoma City clubs have already held their own or are planning to have their own shows soon.

And these programs usually turn out to be the best-attended of the year.

A fashion show is as nothing less than a party. It's a place where you can meet new people and see the latest styles in clothing. It's a chance to show off your own wardrobe and to learn about the latest trends in fashion.

The most popular types of fashion shows are those that feature a theme. These shows can be held in a variety of settings, from a formal ballroom to a casual, laid-back atmosphere. "Most people enjoy a theme," says Peggy. "It makes the show more interesting and adds to the excitement of the event."

The show itself is usually divided into two parts: the entertainment and the fashion show. The entertainment can include a band, a DJ, or a wine-tasting event.

The fashion show is usually the highlight of the evening. It may include a runway show, a pageant, or a contest. "The runway show is always a big hit," says Peggy. "It's exciting to see all the latest fashions and to see how the models wear them."}

**SELF CLEANING GAS RANGE**

An Amazing new process:

Ever-Kleen porcelain will keep your own permanently clean at all times, with hardly a thought on your part. You need never be embarrassed by a dirty oven again, because your new Ever-Kleen oven never gets really dirty! Whenever you turn on the oven, Ever-Kleen starts working to clean itself automatically. No matter what you are roasting or baking, Ever-Kleen is both reducing heat and spatter and continually cleaning itself - all the time the oven is in use. Because grease and food spatter are not allowed to cling to the oven walls, there is never the usual build-up of stains and grease. Ever-Kleen oven racks and glass oven door cleaner than they do in an ordinary oven. Ever-Kleen does not need necessarily hot temperatures to do its work. Simply clean as you normally do, whether cleaning a crockpot, baking a pie or roasting meat and average oven spatters just fade away.

**Imperial**

From the top of the handsome stainless steel range to the insulated aluminum-laminated stainless steel backsplash, this oven will bring pride of ownership to any kitchen. Just as clean as clean can be, Imperial's stainless steel range, with its unusual design and no-noise gas combustion, is a joy to see. It's a pleasure to have a range that looks so good and cleans so easily. For your Imperial range, there's no need to purchase any gadgets.

Charity Club Took Roots In Roarin' 20's

BY MARGIE HANSON

Oaklahoma State University's The Oklahoma Journal students are a close-knit group of women who have demonstrated time and time again their dedication to charity work. This year, the club took root in the Roarin' 20's, and has since grown into a successful charity organization.

The club was founded by a group of women who were passionate about helping others. They organized events and fundraisers to support various causes, and were known for their enthusiasm and dedication.

In the early years, the club's activities were focused on local charity work, but as the years went by, they expanded their reach and began to support causes on a global scale.

Today, the club continues to thrive, with a diverse group of members who are committed to making a difference in the world. They organize events and fundraisers throughout the year, and are always looking for new ways to give back.

While the club's focus has evolved over the years, one thing has remained constant: the passion and dedication of its members. The Oklahoma Journal members are a true force for good, and their impact on the world is immeasurable.

By working together and supporting each other, these women have built a community of generosity and compassion that is truly inspiring.

More Than 200 Clubs Respond To Call

President's Day, February 20, 1948, marked the beginning of a nationwide campaign to mobilize American women in the fight against national emergency. The campaign was spearheaded by the National Council of Jewish Women, with the support of various national organizations, including the Women's Trade Union League, the National Women's Party, and the American Federation of Labor. The campaign was aimed at mobilizing women to work in war industries, to support the war effort, and to contribute to the nation's economy.

The campaign was a testament to the power of collective action and the role of women in shaping the course of history. It was a time when women were called upon to step up and contribute to the war effort, and they responded with dedication and determination.

The campaign was a success, and it helped to ensure that women were included in the decision-making processes of the war effort. It also helped to establish the role of women in the workforce, and it set the stage for future generations of women to achieve greater equality and opportunity.

The campaign was a significant milestone in the history of women's rights and the history of the United States. It was a time when women were able to demonstrate their strength and their capacity to make a difference, and it remains a source of inspiration for women around the world to this day.

EVANS' GIANT BUYING POWER

and saved enough to put a down payment on a boat for my husband

Frankly, I shopped all over town for just the right Early American bedroom furniture for my new home. Couldn't find a thing I wanted at the right price until that nice salesman at Evans showed me this wonderful Sprague Carleton group. Well...I'd heard about this Evans' GIANT BUYING POWER bit and I'm here to tell you that it worked for me! They don't dabble around when they buy...they go whole hog...truckloads, freight carloads and trainloads! That's how they are able to offer quality furniture like Sprague Carleton at such a savings. Incidentally, my husband was so proud of the money I saved on the deal that he's going to let me ride in his new boat!"

We at Evans say ... what about YOU?
