CHAMBER CLIQUE FORCED
OUSTER, GRAGG CHARGES

By D. DAVID CRAMMEND
An Oklahoma City Chamber of Commerce spokesman revealed that the group which has opposed the Negro community in the city for years has been forced to resign. The announcement was made by Chamber President Edward G. Booth, who said the group was forced to resign.

The group, identified as the "Black Chamber of Commerce," has been active in Oklahoma City for many years. It has been accused of discrimination against Negroes in business and other activities.

The group was dissolved last week after a vote of its members. The vote was taken in secret, and the details of the meeting were not released.

The Chamber of Commerce announced that it will continue to work for the improvement of Oklahoma City. It said it would not be deterred by the actions of the Black Chamber of Commerce.

TRAVEL MOUNTAIN
March 5.
The very proud bird
to Hawaii.

The reason the Proud Bird is very proud is that beginning March 5th we can take you to Hawaii. And that’s very exciting.

Sure our big, Intercontinental 360C FandJets and our seasoned crews have made thousands of contract flights to and from the Islands.

But now we can take you to Hawaii, and we can take you like no other airline. In real comfort... at no extra cost. Coach and Economy seats as wide as First Class. These are the same 6 big seats per row (rather than the usual 5 little ones) we use on our domestic Boeing FandJets. And since Hawaii is some 5 jet hours from the west coast, this extra roominess is more welcome than ever.

From Oklahoma City, you’ll be able to travel Continental to Houston or Los Angeles and take our daily connecting flights to Hawaii.

So call your Travel Agent or Continental now for complete information and reservations.

The airline that’s better because it wants to be. That’s the difference pride makes.
