Zuck Was Afraid 'He’d Kill Again'

By RUPPENBERG

"I knew I can't wait out of here," Zuck said. "I was afraid to go back to the prison, but I was afraid to go into the White House, too. I was afraid of the police." Zuck was arrested near the White House on May 23, 1969, after he was spotted with a gun and a knife in his possession. He was taken to the White House by the police and was later identified as Zuck, who had been involved in an assassination attempt on President Richard Nixon in 1968.

Smith Gets 'Blessing' From Fred

WASHINGTON—Fred Smith, head of the U.S. Postal Service, has offered a "blessing" to the Post Office, according to a spokesman. "The blessing will be given to the Post Office on the occasion of its 250th anniversary," said the spokesman. "Fred Smith, a well-known figure in the U.S. Postal Service, has offered to give the blessing to the Post Office on the occasion of its 250th anniversary. "We are grateful to Fred Smith for his generosity and for his support of the Post Office," said the spokesman. "The blessing will be given on the day of the anniversary celebration, which is May 20, 1969."

### Bernice Ferguson Dies At Age 72

Bernice Ferguson, a long-time resident of New York, passed away on March 15th at the age of 72. She was remembered for her kind and generous nature. A memorial service will be held on March 20th at the First United Methodist Church in Manhattan.
Solons Want More ‘Power’

By Paul St Inger

The House Republican leadership came under severe scrutiny last week when representatives charged with blocking the momentum of the Democratic-controlled House of Representatives were revealed as being more interested in their personal agendas than in the national interest.

The Republican leaders have been accused of using their positions to block important legislation that would benefit the country, including the proposed tax cut and healthcare reform bills.

Glen’s Album Wins Grammy

NEW YORK—Glen’s Album, the latest release by the popular singer-songwriter, has been awarded a Grammy for Best Album of the Year. The album features a mix of pop, rock, and folk music and has been widely praised for its emotional depth and musical innovation.

Crash Kills City Woman

A tragic accident occurred last night when a car crashed into a building in the heart of the city, killing a woman who had been standing nearby. The cause of the crash is under investigation, but witnesses report that the driver was not paying attention to the road.

With A Mug Of Milk
There's nothing like a fresh, cold glass of milk to complement a peanut butter and jelly sandwich or a bowl of cereal in the morning. Milk is a rich source of calcium and vitamin D, essential for bone health. And for those who might be lactose intolerant, dairy-free milk alternatives are increasingly available in a variety of flavors and forms, making it possible to enjoy milk's health benefits without the discomfort.

Peanut Butter
Peanut butter is a staple ingredient in many breakfasts, snack foods, and even savory dishes. It's made from ground peanuts and typically sweetened with sugar or honey. Natural peanut butter contains no added sugar, while the processed kind often has added sugars and oils. Peanut butter is a good source of protein and healthy fats, and it pairs well with bread, crackers, or fruits for a satisfying snack.

Peanut Recipes
- Peanut Butter Smoothie: Blend 1 cup of peanut butter with 2 cups of milk, 1 banana, and 1/2 cup of rolled oats until smooth. Pour into a glass and enjoy.
- Peanut Butter Cookies: Mix 1 cup of peanut butter, 1/2 cup of sugar, 1 egg, and 1 teaspoon of vanilla extract until well combined. Drop by teaspoon onto a baking sheet and bake at 350°F for 10 minutes.

Peanut Benefits
- Rich in protein and healthy fats
- Good source of magnesium and vitamin E
- May improve heart health
- Helpful for weight management

Election Time Rolls Around

By DICK BEYER

Nomination Day in Parkland High School was Monday. Seniors, juniors, and sophomores were encouraged to finish their ballots to ensure that the student voting will be up-to-date and accurate.

The senior class held their nominating meeting Monday morning. The nominating committee from each section was announced to the class, and the President's Secretary will also be named. The nominating committee is responsible for preparing the ballots for the election. The President's Secretary is in charge of the election itself.

Bicycle Drivers Tutoring

A bicycle safety education program is now in progress at the school. The program is being conducted under the direction of Mr. M. Evans, who is the bicycle safety instructor.

The program will be held on Wednesday evenings, and all students who have registered for the program will be given a special packet of information. Each student will be required to attend three sessions and complete a written test to receive his certificate.

Singer's Practice

The North Side Girls' Basketball team is practicing hard in preparation for the upcoming games. The team is coached by Coach D. Kelly, who is determined to get the team ready for the competition.

Bicycle Safety

Bicycle riders are being reminded of the importance of wearing helmets and following traffic rules. The school has a special program for bicycle riders to help them improve their skills.

It's National Peanut Week

Peanuts probably first grew in Peru. EarlySpaniards and Indians grew peanuts in the Americas and from there they came to North America in Colonial Days.

Because peanuts contain a type of enzyme that prevents the growth of cancer cells in the laboratory, it is possible that peanuts could be used to treat cancer.

A handful of peanuts a day keeps the doctor away. Peanuts are a good source of protein and fiber and are also a good source of vitamin E.

Peanuts Do Simple Tricks

In Vietnam, sour cream coffee cake and peanut butter ice cream are served with a side of peanut butter. In China, peanut butter is used in a variety of dishes, such as panda curry and peanut butter chicken.

Irish Freckle Bread St. Patrick's Day Favorite

Irish Freckle Bread

It's National Peanut Week

Ireland's Freckle Bread is the traditional Irish quick bread that is enjoyed on St. Patrick's Day and other special occasions. This bread is made with milk, flour, and peanut butter, which gives it a unique flavor and texture.

Peanuts originally grow in Peru, but they are now grown around the world, and they are a staple food in Africa. Did you know that peanuts were once called "indian nuts"? They are a great source of protein, fiber, and healthy fats.

For more information on National Peanut Week, visit the website at npe.org.

Peanuts Do Simple Tricks

Sometimes the simplest tricks can make an ordinary treat extra special. Try adding a touch of peanut butter to your ice cream. The sweet nutty flavor will enhance the creamy texture and make your ice cream taste even more delicious.

Dessert Ideas

1. Peanut Butter and Jelly Sandwiches
   - Layer peanut butter and jelly on slices of bread and enjoy.

2. Sour Cream Coffee Cake
   - Mix flour, sugar, eggs, and sour cream in a bowl, then add peanut butter and bake.

3. Peach Yogurt Mousse
   - Blend yogurt and peaches until smooth, then add sugar and syrup to taste.

4. Granada Dinnerware
   - Enjoy your homemade treats on pretty Granada dinnerware.
