The Small Schools A Winner

The Oklahoma Senate Monday passed 3812 a bill designed to prevent the closing of small schools which do not meet attendance standards of the state and are not accredited. The bill was sponsored by State Senator Butler D. H. Brown of Osage City who was unopposed in the Senate on the bill.

The Senate bill would provide for the continuation of small schools which do not meet the attendance standards set by the state. The bill was passed by a vote of 31-0 and sent to the House for consideration.

The bill would require the school districts to maintain a minimum attendance of 50 students for each grade level. School districts failing to meet this requirement would be required to provide alternative educational programs for their students.

The bill would also require the state to provide financial assistance to school districts that are unable to maintain the required attendance levels.

The bill was supported by the Oklahoma School Boards Association and the Oklahoma Education Association.

The Oklahoma Senate also passed a bill that would provide additional funding for education in the state. The bill was passed by a vote of 32-0 and sent to the House for consideration.

The bill would provide an additional $200 million in state funding for education, with $100 million to be dedicated to teacher salaries and $100 million to be used for other educational purposes.

The bill was supported by the Oklahoma School Boards Association and the Oklahoma Education Association.

The Senate also passed a bill that would require the state to provide additional funding for special education programs. The bill was passed by a vote of 31-0 and sent to the House for consideration.

The bill would provide an additional $50 million in state funding for special education programs, with $20 million to be dedicated to special education teachers and $30 million to be used for other special education purposes.

The bill was supported by the Oklahoma School Boards Association and the Oklahoma Education Association.

The Senate also passed a bill that would provide additional funding for vocational education programs. The bill was passed by a vote of 31-0 and sent to the House for consideration.

The bill would provide an additional $100 million in state funding for vocational education programs, with $50 million to be dedicated to vocational education teachers and $50 million to be used for other vocational education purposes.

The bill was supported by the Oklahoma School Boards Association and the Oklahoma Education Association.

The Senate also passed a bill that would provide additional funding for technology in the state's schools. The bill was passed by a vote of 31-0 and sent to the House for consideration.

The bill would provide an additional $150 million in state funding for technology in the state's schools, with $75 million to be dedicated to technology teachers and $75 million to be used for other technology purposes.

The bill was supported by the Oklahoma School Boards Association and the Oklahoma Education Association.

The Senate also passed a bill that would provide additional funding for the state's public libraries. The bill was passed by a vote of 31-0 and sent to the House for consideration.

The bill would provide an additional $10 million in state funding for the state's public libraries, with $5 million to be dedicated to library education and $5 million to be used for other library purposes.

The bill was supported by the Oklahoma School Boards Association and the Oklahoma Education Association.

The Senate also passed a bill that would provide additional funding for the state's medical schools. The bill was passed by a vote of 31-0 and sent to the House for consideration.

The bill would provide an additional $50 million in state funding for the state's medical schools, with $25 million to be dedicated to medical education and $25 million to be used for other medical education purposes.

The bill was supported by the Oklahoma School Boards Association and the Oklahoma Education Association.

The Senate also passed a bill that would provide additional funding for the state's law schools. The bill was passed by a vote of 31-0 and sent to the House for consideration.

The bill would provide an additional $20 million in state funding for the state's law schools, with $10 million to be dedicated to law education and $10 million to be used for other law education purposes.

The bill was supported by the Oklahoma School Boards Association and the Oklahoma Education Association.

The Senate also passed a bill that would provide additional funding for the state's engineering schools. The bill was passed by a vote of 31-0 and sent to the House for consideration.

The bill would provide an additional $30 million in state funding for the state's engineering schools, with $15 million to be dedicated to engineering education and $15 million to be used for other engineering education purposes.

The bill was supported by the Oklahoma School Boards Association and the Oklahoma Education Association.

Permanent, New Employees Being Hired by Lone Star Steel Company

In all industries created by a workout, Lone Star Steel Company is hiring new, permanent employees.

Starting Monday, March 17, 1946, prospective applicants may apply at the Block Hotel, 15 North Main Street, Oklahoma City. An interview during employment hours between the hours of 8 a.m. and 7 p.m. will be arranged.

Opening exists for both skilled and unskilled labor.

More than 400 different jobs are available for the jobs to be filled. Following is a partial list of those jobs.

- Heavy Duty Equipment Operators
- Boiler Firemen
- Welders
- Machine Operators
- Mechanics
- Electricians
- General Production Laborers
- Machinists
- Foundry Workers

Pay rates range from a low of $2.65 per hour (Bakersfield), a high of $2.25 per hour. Benefits vary with skill, size, and responsibilities. Various job opportunities are also provided by the Company.

Lone Star Steel is a completely integrated steel mill engaged primarily in the manufacture of steel and iron.

The city of Oklahoma City is located in the center of the state of Oklahoma, in the heart of the trade area.

The company has a normal work force of about 1,500. It owns its own power plant, and produces about 1,500,000 tons of steel annually. It is one of the largest employers in the state.

COME TO LONE STAR -- where the opportunity and employment exist.

Jeane Dixon’s Astrological Forecast

Dr. Jeane Dixon is an American astrologer and author. She is known for her astrological columns in newspapers and magazines. Her forecasts are published in various publications, including newspapers and magazines. 

Today's Forecast:

SUNDAY: SQUANDER

Be careful not to overspend today. Stick to your budget and avoid unnecessary purchases.

MONDAY: SILENCE

Keep your thoughts to yourself. It's better to refrain from分享 too much about your personal life.

TUESDAY: STABILITY

Today is a good day to focus on stability. Embrace the feeling of security and make plans that support this.

WEDNESDAY: STRUGGLE

You might face some challenges today. Stay strong and keep pushing through.

THURSDAY: SECLUSION

It might be best to spend the day alone. Take some time for yourself and recharge.

FRIDAY: SILENCE

Again, it's important to keep your thoughts to yourself. Avoid sharing too much.

SATURDAY: SILENCE

As mentioned, it's important to keep your thoughts to yourself. Avoid sharing too much.
