Billion Dollar Boo Boo

W ritten by Stew Lawrence, associate editor of the Omaha "World-Herald", and published in the Omaha "World-Herald" on October 27, 1969, this article discusses the impact of the Vietnam War on the social security system and the potential consequences of the war for the nation's economy. The article highlights the challenges faced by the American people in the wake of the war, including the high cost of the war, the economic strain it placed on the nation, and the potential for social unrest. The article also discusses the role of the military in the war and the potential for the war to escalate further. Overall, the article provides a detailed analysis of the war's impact on the social security system and the nation as a whole.

Sorority Alumnae To Meet

HUBBINS, MINN. (AP) — Sorority alumnae from four different states have started a new chapter of the Alpha Kappa Alpha sorority in this rural Minnesota town.

The chapter, named the Alpha Kappa Alpha Sorority, Inc., was formed to promote community service and education among black women.

The chapter members have been meeting weekly in a local church and plan to expand their activities to include more community outreach programs.

President of the new chapter is Mrs. Charles Daniels of Minneapolis. Other members include: Mrs. Charles Daniels, Mrs. John Johnson, Mrs. Robert Foster and Mrs. Charles Turner.

Husbands Air Complaints On Wives, Career Women

Husbands of career-oriented women are expressing their dissatisfaction with the demands placed on them by their partners.

The complaints, which have been becoming more frequent in recent years, range from requests for more time, energy, and emotional support to demands for financial contributions.

Many husbands feel that their roles have been minimized and that they are expected to shoulder the burden of family responsibilities without adequate support.

The situation has prompted some husbands to seek counseling and to advocate for greater recognition and support for husbands in modern relationships.

Council Knocks Out Early Retirement Policy

The council has voted to strike down the early retirement policy that had been in effect for several years.

The policy was designed to encourage employees to retire early and to free up positions for younger workers.

However, the council has decided that the policy is no longer necessary and has voted to废除 it.

OU Student Almost ‘Shared’ Name With Kidnap Suspect

An OU student was险些 have the same name as a notorious kidnap suspect, but the two are not related.

The student, who asked to be identified as “John Doe,” was almost mistakenly identified as the suspect, who is known as “John Doe.”

The student says he was on his way to class when he received a call from the police, who were looking for someone with the same name.

He was relieved to learn that he was not the suspect and has been working to clear his name.

American Launches Expansion

Distinct American Motors Corp. has launched a major expansion program which will extend styling, engineering, research and production facilities at its recently completed $3.7 million plant in more than 50 percent. Ronald C. Moore, president, is at the forefront of the expansion program and will assume the additional post of executive vice-president. Most of the expansion is aimed at modernizing the design and engineering facilities, building an assembly line and Kissimmee, Fla.

"We regard this expansion as essential to our continued growth programs to provide the best engineered and highest quality products that will meet the demands of the market," Moore said. "It will provide the American Motors engineers and designers with the most modern facilities in the industry."

The expansion will be located in Kissimmee and will be built in three phases. The first phase will include a new engineering and production building, a new test track and a new test track piece. The new engineering and production building will be completed this fall.

Comfort Stressed

It's VW's 'Year Of Refinement...'

Greater comfort and increased convenience are featured across the board in Volkswagen's 1969 models as the 1969 Volkswagen becomes the company's feature-packed station wagon.

Among the new features to be included in the 1969 line are items like the standard ultra-quiet soundproofing, the optional extra-long wheelbase, and the optional anti-theft system. The new models also feature improved suspension, with the rear suspension given the following classification: new and better handling qualities. Developed for Volkswagen's 1969 models, this suspension gives the following advantages:

- Improved ride comfort in all conditions.
- Reduced tire wear on the rear axle, due to the new suspension.
- Improved handling and stability.
- Reduced noise levels.

Volkswagen is well known for giving its cars a smooth and quick ride, but the new models offer even more comfort and safety features. The front-wheel drive system has been updated to handle the increased weight of the car, and the rear suspension has been improved to provide a smoother ride. The cars are also equipped with the latest in safety features, including front and rear seat belts and airbags.

There are some of the other new features that are worth mentioning, such as the new and improved engine, which gives the car a smoother and more powerful performance. The new transmission is also more efficient, providing better fuel economy and reduced emissions. The new models also feature improved visibility, with larger windows and improved lighting. The interior is also more comfortable, with improved seats and a more spacious cabin.

The 1969 Volkswagen models are available in a variety of configurations, including the sedan, station wagon, and convertible. The sedan is the most popular model, and it features a modern and sleek design with a spacious interior. The station wagon is also popular, and it offers additional cargo space and seating options. The convertible is a fun and stylish option, with a soft top that can be removed for a more open driving experience.

In summary, Volkswagen's 1969 models are a significant improvement over the previous year's models, offering greater comfort, improved handling, and increased safety features. With a variety of configurations to choose from, there is a model to suit every taste and need. Volkswagen continues to be a leader in the automotive industry, offering cars that are both stylish and practical.
Exciting, Sporty Style

1969 Oldsmobile 4-4-2

Oldsmobile’s high-performance 4-4-2 becomes even more distinctive in 1969, aided by a newly designed rear end. It is a combination of the powerful Oldsmobile 4-4-2 and the powerful Oldsmobile 4-4-2 GT. The design is built on a new rear end and new suspension. The Oldsmobile 4-4-2 GT will be sold in three color schemes and will use the GM 400 engine. The Oldsmobile 4-4-2 was first introduced Wednesday at the Oldsmobile Division.

1969 Pontiac Firebirds Are Styled Fresh

The 1969 Pontiac Firebirds are styled fresh. The Firebirds are a special 400-series Pontiac that has been restyled to look like a modern sports car. The Firebirds were built with a special design that allows for a larger, lower appearance. The Firebirds also feature a new front end and new suspension. The Firebirds will be sold in three color schemes and will use the GM 400 engine. The Firebirds were first introduced Wednesday at the Oldsmobile Division.

1969 Mustang Offers Bonus

Ford’s 1969 Mustang has features that make it stand out. It is the first Mustang to have a 351-cubic-inch V8 engine. The engine is built on a new rear end and new suspension. The Mustang will be sold in three color schemes and will use the GM 400 engine. The Mustang was first introduced Wednesday at the Oldsmobile Division.

Sparkling Ford Mustang

The 1969 Mustang Fastback, top photo, features sportier curves than the previous Mustang. The new Mustang has a 351-cubic-inch V8 engine. The engine is built on a new rear end and new suspension. The Mustang will be sold in three color schemes and will use the GM 400 engine. The Mustang was first introduced Wednesday at the Oldsmobile Division.

Mercedes-Benz Restyled

The top of Mercedes-Benz’s Model T20 model, shown at the 1969 Chicago Auto Show, is the new Mercedes-Benz 230SL. The car is designed to be a more modern and luxurious car. The car was built with a new rear end and new suspension. The car is available in four colors and will use the GM 400 engine. The Mercedes-Benz was first introduced Wednesday at the Oldsmobile Division.

Why We don't Call the Volkswagen on the left the Volkswagen Station Wagon

VW Square Back

The versatile 1969 Volkswagen Squareback sedan has "gone automatic." A fully automatic transmission is a notable addition to this year's models. Other improvements include larger front seats, new upholstery, and a rear window with standard safety glass. The rear seat is now standard equipment, and the sedan features new wheelbase, larger rear window, and improved rear seat legroom, providing greater economy.

Volkswagen Payroll Climbs

ENGLEWOOD, Colo. (AP) — The payroll of Volks- wagen America Inc. in Englewood climbed to about $4.3 million in the year to the end of last year, compared with $3.6 million in 1968. Sales rose to $19.1 million, compared with $17.2 million in 1968.

Volvo's reputation for holding up wasn't earned by breaking down.

Just because the Volkswagen on the left looks like a station wagon, some people have concluded it actually is the Volkswagen Station Wagon. How rash.

Its storage capacity is much too modest. Even with its seats folded down it's just 42 cu. ft.

Visiting Us At The Auto Show

Every Inch a Champion

The popular Apollo from American Motors Corp. has long been considered a marriage of sport and economy. The Apollo's design is unique in the industry in that it is a four-door hardtop with folding rear seat backrest. With the rear seat backrest folded down, occupants can reach a car 13 cu. ft. larger than a station wagon. In addition, it boasts an overall length of 176 cu. ft.

Buick's Opel GT: Something Special

Buick Motor Division released the details of its new sporty-minded roadster, the Opel GT. The car is powered by a 2.0-liter, 85-horsepower fuel-injected V6 engine. It is equipped with an automatic transmission and a live rear axle.

Volkswagen Look-Alike

The 1974 Volkswagen Beetle boasts identical to that of a car's styling by Volkswagen. A new engine is installed, with a 1.6-liter, 85-horsepower unit.

New Concept In Space

A future automobile offers many major space-saving features. A new design for the Beetle includes a fully retractable roof and an all-plastic body.

1-of-1 Kind Road Runner

Plymouth Duster 1: Leading Performer

The Plymouth Duster I is a high-performance model that offers a powerful 340-cubic-inch V8 engine. It is available in both two-door sedan and convertible models.

The Compact Car that gives you more

It's All Standard

Renaissance of 1969: this is a new series of performance models, the 1969-1970 Plymouth Dusters. These cars are equipped with standard equipment. The standard engine for a Duster is a 340-cubic-inch V8 that produces 290 horsepower.
Volvo Coupe Improved

Safety features and a rear seating area are the keys to designing Volvos with the emphasis on comfort and safety. The rear seat is divided into two sections which slide forward and back to allow for easy rear entry and exit. In addition, the rear seat can be folded forward to create a flat luggage area. The back rest can be modified to provide extra headroom or an angled position for added comfort.

On the outside it's smaller than a large car.
On the inside it's larger than a small car.
