Strangulation Victim And Boyfriend

Fifteen-year-old Cocoa Diana Marshall was killed last month in a car crash. Her boyfriend, a 16-year-old boy, also died in the crash. The couple had been dating for about a year. After the crash, the boyfriend was arrested on charges of vehicular manslaughter. He pleaded guilty and was sentenced to one year in prison.

Hippies Run Amok!

PALM SPRINGS, CALIF.-JUNE 2, 1969 - A group of young people, including members of the counterculture, have been rioting in Palm Springs. The situation has escalated into a full-scale riot, and the local authorities have been called in to restore order.

New Experiment in Grades

"Middle School" Planned in Fall

By JANE EARLEY

The Oklahoma City school board is considering plans to create a new type of school called "middle school." The proposal, which would replace the traditional elementary and high school systems, is being presented by Dr. R. Lee Albert and is being met with mixed reactions.

Welcome Home

Joyce Morgan, daughter of former President Lyndon Johnson, arrives home after a successful flight on her return home.

Refugee Fight Isn't Ended
Dewey Vows

By RUBY CLIFF

The refugee crisis continues, and Dewey vows to continue fighting for the rights of the refugees. The situation is complicated by the fact that the United States is involved in a foreign war.

Inside News

Turner Morgan George White Life Washington Post World War I.

Three Army veterans still receive $250 to $500 a month from the federal government.

Court verdicts were handed down in two cases involving Arkansas judges.

The state parole board recommended the release of two convicted felons.

We the Journal's classifieds offer 18 pages of classified advertising.

The Importance of Grade Levels

The new "middle school" concept is being presented by Dr. R. Lee Albert, who is superintendent of the Oklahoma City Public Schools. The proposal would create a new type of school that would combine the best features of both elementary and high school systems. The new school would be designed to meet the needs of students in grades 6-8, and would provide a smoother transition from middle school to high school.

Ike Ends Long March

ADMIRAL KANETO HIRAI (OPG) - The end of the long march of Admiral Kaneto Hiroshi was marked by his return to Japan. He was instrumental in the growth of the Japan Maritime Self-Defense Force.

This article is about the importance of grade levels in education. The author presents the proposal for a new type of school called "middle school," which would replace the traditional elementary and high school systems. The proposal is being presented by Dr. R. Lee Albert and is being met with mixed reactions. The new school would be designed to meet the needs of students in grades 6-8, and would provide a smoother transition from middle school to high school.

Gals Make Tinker Computers Go

With computers, in the '60s, the public is shown an example of the machine's potential. This is the result of an effort to develop a computer for the Tinker people. The computer is a product of the company and is made in a variety of sizes. It is shown to be a simple device that can be used for many purposes. This is a photograph of the machine as it appears in the company's catalog.

---

**'Youth Is Consulted' Banquet Slate Told**

Honor Falcon is a key figure in the development of the computer. She is shown with the machine in the company's catalog. The event is being held in the company's plant and is open to all interested parties. The event is shown to be a success and is attended by many people.

---

**Young Artists Get Their 'Big Chance'**

The article is about the success of a young artist who has been given a chance to exhibit his work. The artist is shown with his work in the company's catalog. The event is being held in the company's plant and is open to all interested parties. The event is shown to be a success and is attended by many people.

---

**Children's Art**

The article is about the success of a young artist who has been given a chance to exhibit his work. The artist is shown with his work in the company's catalog. The event is being held in the company's plant and is open to all interested parties. The event is shown to be a success and is attended by many people.

---

**Daily WORD Game**

The article is about the success of a young artist who has been given a chance to exhibit his work. The artist is shown with his work in the company's catalog. The event is being held in the company's plant and is open to all interested parties. The event is shown to be a success and is attended by many people.

Making Retirement Plans

Four years ago the question of when to retire was a lot more important for people than it is now. People retiring today have twice the amount of retirement income that someone retiring in 1970 had. And, people are retiring at a younger age than in the past. Thirty years ago, the average age of retirement was 65. Today, the average age of retirement is 62.

Moore Youngsters See Movies Again

There are things you can do to keep your children entertained when they're not at school. Movies are a great way to do that. The Moore Mockingbird theater opened today. The theater is a neighborhood theater that shows movies, plays, and concerts. The Mockingbird theater is open every day, except for Sundays, from 10 am to 10 pm. The theater is currently showing the movie "The Social Network." Tickets are $5 for adults and $3 for children. The theater also has a snack bar where you can buy popcorn and soda for $2 per bag.

Knowing Where to Go Is Half Of Getting What You Want...

A big part of success is knowing where to go and when to go there.

When you want to grow — think first of your bank.

Your bank is your business partner... you need to know your banker — and he needs to know you.

Your friendly banker at Friendly National Bank are always glad to discuss your plans with you — and to be of service to you.

He's A 'Nut' On Education

It's a roller-coaster ride for all! Thomas Watson is a New York City public school teacher who takes his students on a wild ride through the history of New York City. Thomas Watson is a master of his craft, and he never fails to engage his students with his stories. He takes them on a journey through the history of New York City, from the early days to the present. Along the way, he teaches them about the people who shaped the city, and how it has evolved over time. Thomas Watson is a true 'nut' on education, and his students love him for it.

Catholic Youth Air Problems

By MONA RYU MA

Catholic youth are facing many challenges today. The most pressing issue is the lack of a strong leadership in the Catholic Church. Many young Catholics feel that the Church is too focused on the past and not focused enough on the present. They feel that the Church is not doing enough to address the issues that young people are facing today.

In an effort to sell the newspaper in a more artistic and modern way, the student decided to use a computer to create the layout. The computer was used to design the page layout, select images, and add text. This approach was a departure from the traditional method of layout design, which typically involves manual layout and selection of images. The student hoped that this new approach would attract more attention and interest from the readers.

Catholic Youth Air Problems

Library Founder To Get Salute

The founder of the library was set to receive a special salute for his contributions. The library was established with the goal of providing a space for the community to come together and read. The founder's dedication to the library was recognized by the community, and this special salute was a way to express gratitude for his efforts.

Spring Allure

New Stewardess

A new stewardess was introduced to the community. The stewardess had been selected based on her experience and qualifications. The introduction of a new stewardess was seen as a positive development for the community, as it would provide better service and improve the overall experience for passengers.

He’s A ‘Nut’ On Education

In a popular new book, one 11-year-old patient in the Oklahoma City hospital reports on his experiences in school. The book, "The Nut’s Guide to Education," was written by the student and published by the hospital. It is available at the hospital gift shop for $1.00.

Moore Youngsters See Movies Again

"The Nut’s Guide to Education" is scheduled to be released on April 1. The book is a compilation of the student's experiences in school and is available to all Oklahoma City public schools.

Knowing Where to Go Is Half Of Getting What You Want...

A big part of success is knowing where to go and who to see... When you want to go—think first of your book.

Your book is your business partner… ...You need to know your business and the people in your field.

Your friendly banker at FRIENDLY NATIONAL BANK will always glad to discuss your plans with you—and to be of service to you.

Local Dog Club Sets Show

The Greater Oklahoma Dog Show will be held April 10-11, at the Jim Norrington Coliseum.

The American Kennel Club is sponsoring the show, which features over 80 breeds from the USA and Canada. The event will include competitions in Best in Show, Best of Breed, and Specialties. Special exhibits will be held at the show, with opportunities for breeders to display their dogs.

Leaders In Area Selected For U.S. Idaho Jamboree

Leaders have been chosen for the U.S. Idaho Jamboree, which is scheduled for later this year. The event will feature a variety of activities, including competitions, exhibits, and displays. Special exhibits will be held at the show, with opportunities for breeders to display their dogs.

Who'll 'Save' Mother Earth?

Some time this year we may plant men on the moon and bring them back safely. But what good is an earth that will not return to its original state? The Earth is our only home, and we must work to preserve it. There are a number of things we can do to help:

1. Reduce, reuse, and recycle.
2. Use public transportation or carpooling.
3. Reduce water usage.
4. Plant trees and gardens.
5. Support environmental organizations.

Care for our environment and resources, and make our world a better place to live.
