They're Going To McAlester

Nigh 'Captures' Beach Boys

An Oklahoma 'captain' nations' will integrate a 10-meter sprinter. On June 1st, Nigh, a 10-year-old boy, and his group included in the Oklahoma City Police Department, will participate in a race. The race is expected to attract a large crowd.

The police department is planning to organize a race, and the boys will be joined by other groups from different states. The race will be held on a specially designated track and will include various obstacles to make it more challenging.

Tension is mounting as the race approaches, and the police department is working tirelessly to ensure the safety of all participants.

Mike Lee, spokesperson for the Beach Boys, said: "The race is an important event for us. We are proud of our team and are confident in their ability to perform.

They have trained hard and are poised for success. We encourage everyone to come out and support them.

The race is scheduled to take place at 10am on June 1st at the track located on the outskirts of the city. We look forward to seeing everyone there."

---

Hippie On Rocks

Police came across a group of hippies near a park in Oklahoma City. The group was seen engaging in various activities, including playing music and smoking marijuana.

The officers were able to approach the group and discuss the activities. While some of the individuals seemed to be enjoying their time, others appeared to be under the influence of drugs.

One of the officers, Captain John Smith, said: "We were able to speak with the group and explain the dangers of using drugs. We hope that they take our advice and realize the importance of staying healthy.

We are here to protect the community and ensure a safe environment. We encourage everyone to be responsible and make good choices.

The officers continued to monitor the group and made sure that they were safe and well. They were able to resolve any issues that arose and ensured that the group remained peaceful.

We applaud the officers for their efforts and encourage everyone to follow the rules and regulations. We look forward to seeing everyone in the community participate in positive activities.

Some Nude Most Dirty

Hippies Chased From Canyons

Police were called to a remote area near the canyons to deal with a group of hippies who were causing a disturbance. The officers arrived and found the group, who were smoking marijuana and engaging in other illegal activities.

The officers were able to speak with the individuals and explain the dangers of their actions. They were also able to remove some of the individuals from the area.

One of the officers, Sergeant Lisa Jackson, said: "We were able to speak with the group and explain the dangers of using drugs. We hope that they take our advice and realize the importance of staying healthy.

We are here to protect the community and ensure a safe environment. We encourage everyone to be responsible and make good choices.

The officers continued to monitor the group and made sure that they were safe and well. They were able to resolve any issues that arose and ensured that the group remained peaceful.

We applaud the officers for their efforts and encourage everyone to follow the rules and regulations. We look forward to seeing everyone in the community participate in positive activities.

Sanity Test Ordered For Youth In Killing

A 16-year-old youth was sentenced to a sanity test after he was found guilty of murder. The youth, who was a member of a gang, was involved in a violent altercation that resulted in the death of a local resident.

The judge ordered the youth to undergo a sanity test before he was sentenced to prison. The test will determine if the youth is capable of understanding the nature of his actions.

The youth's attorney, Mr. Smith, said: "We believe that our client is capable of understanding the nature of his actions. We will continue to fight for his release.

We believe that the youth was under the influence of drugs and alcohol at the time of the incident. We will prove this in the court.

We look forward to seeing everyone in the community participate in positive activities.
