Gold Prices Soar On French Market

PERSI (Paris)—The national syndicate of chemists, dealers, and importers in France has warned its members of a possible strike if the government does not make a decision on the future of the price of gold. The group also urged the government to take action immediately to stop the price of gold from rising too high.

The group said that the current price of gold is too high and that the government must take action to prevent it from rising further. They also called for a freeze on the price of gold and a ban on stockpiling.

The government has been under pressure to act on the issue of gold prices for some time, but so far it has been unable to make a decision. The group said that if the government does not act soon, it will have to take matters into its own hands.

The group also called for a reduction in the price of gold and for the government to take action to support the French franc.

Sky Falls On 18-Year-Old Vote

"Chicken Little" Shrouded by House, 41-39

On the day after a 14-year-old girl was killed in a shooting incident, the Oklahoma House of Representatives passed a bill that would make it illegal to sell a gun to a person under the age of 18.

The bill, which was sponsored by Rep. Bill Poulton, a Republican from Coldwater, passed on a 41-39 vote.

Poulton said that the bill was necessary to prevent more incidents like the one that occurred in Oklahoma City.

The shooting incident occurred late last night in Oklahoma City when a 14-year-old girl was shot and killed.

Told at a police station that the girl was the victim of a drive-by shooting, Poulton said that he had been working on the bill for several months and that it was time to take action.

The bill would make it illegal to sell a gun to a person under the age of 18 and would impose stiff fines and imprisonment for violations.

Poulton said that the bill was necessary to prevent more incidents like the one that occurred in Oklahoma City.

How To Score Fights

By Mr. Homer R. Laws and Peter Shand

The secret of a happy marriage is to have a happy divorce. Marriage is a two-way street, and if one side doesn't want to go, the other side should be prepared to accept that fact and move on. As the saying goes, "Marriage is for life, unless you make it for two." It's important to remember that a marriage is a partnership, and both partners need to be committed to making it work. If one partner is not willing to put in the effort, it's time to reassess the relationship and decide whether it's still worth fighting for.
