Pentagon Indicted For Wasting Billions

‘Sloppy Practices, Mismanagement, Lack of Control’ Cited In Report

WASHINGTON—A group of senators from nine states has presented a scathing criticism of the Pentagon for spending “trillions of billions of dollars,” and urging that it be “terminated and abolished.”

The senators, in a statement delivered by Senator Robert Byrd of West Virginia, said: “The Pentagon is a vast, sprawling, bureaucratic monster that has outlived its usefulness. It has become a symbol of all that is wrong with American government.

“Our objective was to achieve a significant reduction in the defense budget, and we believe we have done so. But we must continue to work towards this goal, and we will not rest until we have accomplished it.

“We urge the president to support our efforts and to sign the bill into law. We believe it is time for Congress to end the era of waste and extravagance at the Pentagon.”

The senators’ statement was signed by Senators Byrd, John D. Rockefeller III, Hubert Humphrey, Daniel K. Inouye, Ben Nighthorse Campbell, Lloyd Bentsen, James Abourezk, Ben Cardin, and Paul Simon.

Defendant Acts Bored

DECATUR, Ill. (AP)—Gary Jobe, who was convicted of kidnapping and murdering his 13-year-old girlfriend, Krista Rolf, Tuesday, was acting bored and indifferent during his trial, according to his lawyer, Edward J. Toomey.

Toomey said he was surprised that the jury found his client guilty of first-degree murder and sentenced him to life in prison.

Jobe, 21, was convicted of kidnapping and murdering Krista Rolf, 13, in January 2000. He was found guilty of first-degree murder and sentenced to life in prison.

Krista, who had disappeared after school, was last seen on Jan. 17. Her body was found the next day in a nearby field.

The defense argued that Jobe was acting out of anger at Krista’s refusal to return to him.

Federal Loans To Underworld Figures Barred

Small Business Administration Turns Up Four New Cases

WASHINGTON (UPI) — The Small Business Administration has turned up four new cases of loans made to persons convicted with organized crime. The cases were handled by the Federal Bureau of Investigation, which disclosed last week that the SBA Administration Hildreth J. Pendleton Jr., in order to avoid illegal activity, is investigating 12 cases involving organized crime.

One of the cases involves the issuance of the loan — a loan to a firm with underworld ties during 1964. The loan, which was estimated to have been laundered over $1 million. The SBA, which was set up back in the early 1930s, is currently investigating 12 cases involving organized crime.
