Integration Report Due b'In Part' Today

By JUNE EALEH
After more than six weeks of detailing a city school integration report, the Oklahoma City Board of Education has announced the report's release.

The board met on Thursday to discuss the report's contents, including a list of recommendations for improving school integration.

The report includes a detailed analysis of the current state of school integration in the city, highlighting areas where progress has been made and identifying areas that still require improvement.

In addition to the report, the board also approved a series of resolutions supporting efforts to promote equal opportunities in education for all students.

The report and resolutions will be available for public review at the district's website and will be discussed at the next board meeting.

I AM THE AMERICAN SOLDIER

...I was with General George Washington at Valley Forge; I defended the principles of democracy at The Alamo, and San Juan. I opened the door of the West for settlers in a budding continent dedicated to the principles of free men everywhere. I defended our heritage at Chateau-Thierry, Normandy, Pork Chop Hill and the rice paddies of Vietnam—symbols, all, of freedom from tyranny... Whatever the need—for liberty, now and forever—I am an American Soldier, the guardian of Democracy—an essential force for freedom.

* * *

We are proud to salute every member of America's Army, Air Force, Navy and Marine Corps and express our gratitude for the priceless heritage they are helping to preserve.

WE WILL NOT FORGET!
