County Calls For Cutback In Time Off

A radical notion in transportation was put forward by the10th County Board member, who said that the board could save $10 million by reducing the budget for transportation from $30 million to $20 million.

If implemented, the idea would result in a reduction of 30% in the budget for transportation. The board member said that the reduction could be achieved by eliminating the transportation department, which currently employs 200 people.

Tax Base in County Up Sharply

By A. NEISON TAYLOR, Managerتحرير

The county's tax base increased sharply last year, according to the manager of the county's tax base. The manager said that the increase was due to a number of factors, including a rise in the property values and a decrease in the number of properties sold.

The manager also noted that the county's tax base is expected to continue to grow in the future, due to a number of factors, including the growth of the local economy and the increase in the number of properties sold.
