Abortion Case Puzzle Sends Judge to Books

The statement concerning abortion sent Judge L. B. F. Connell to the books. The statement, a confidential letter written by an unidentified woman, has been in the possession of the court for several weeks. It was received from the state's attorney general, who has asked the court to consider it in its decision on the case. The statement contains allegations of malpractice and incompetence on the part of the physician who performed the abortion. The court has not yet decided whether to consider the statement in its decision. The matter is under investigation by the state's attorney general.

200 Youth Jobs Open

Two hundred youth, 16 to 19 years of age, will be employed by the Oklahoma Department of Commerce to work in various fields. The program, called the "Youth Job Corps," is designed to provide work experience and training for young people who are not currently employed. The jobs will be paid at the federal minimum wage and will be available in the construction, agriculture, and manufacturing sectors. Applications are available at the Department of Commerce office in Oklahoma City.

The Paper That Tells Both Sides

Most Unkind Cut

In a recent article, a writer discussed the effects of inflation on the economy. The writer stated that inflation is a "most unkind cut" to the economy, as it erodes the value of savings and reduces the purchasing power of individuals. The writer also noted that inflation is a "painless" tax, as individuals are not aware of its effects until it is too late. The article was widely criticized for its biases and lack of evidence. The writer was asked to retract the article, but refused.

Harris Backs Decision

5.7 Million Poor People Due 'Break'

WASHINGTON (UPI)—The House and Senate Commis-
sions voted Tuesday a 4-month extension of the food stamp program. The extension is expected to help 5.7 million poor people.

The extension, which was approved by both chambers, would extend the program for four more months. The program provides food stamps to low-income families, allowing them to buy food at reduced prices.

Germ Warfare Study Ordered

WASHINGTON—President Nixon has or-
deed an $8.5 million study of the effects of germ warfare on humans. The study will be conducted by the National Institutes of Health and will involve the use of bacteria and viruses.

The study is expected to take several years and will involve thousands of volunteers. The study will be conducted under strict ethical guidelines to ensure the safety of the volunteers.

The National Institutes of Health has been conducting research on the effects of germ warfare for several years. The agency has previously conducted studies on the effects of smallpox and influenza on humans.

The study will be conducted in a secure laboratory and will be closely monitored by the National Institutes of Health. The agency has a strong record of conducting research in a safe and ethical manner.

The study is expected to be completed in several years and will provide valuable information about the effects of germ warfare on humans. The study will be conducted under strict ethical guidelines to ensure the safety of the volunteers.

Ship Cuisine, 'Sea Sun' Delight Cruise Passengers

In the words of one passenger, the ship's cuisine is "outstanding). The "Sea Sun," a luxury cruise liner, recently arrived at our port and has been attracting a lot of attention. The menu features a variety of dishes, from traditional favorites to more adventurous options. The dining experience is complemented by the ship's elegant decor and attentive service. It's truly a delightful experience for those looking to escape.

Couples Exchange Nuptials

In a formal church setting, John and Jane exchanged vows in a beautiful ceremony. The couple was surrounded by family and friends, who came together to celebrate their union. The wedding took place in a picturesque location, adding to the overall romance of the event. The happy couple is now looking forward to a life together.
