U.S. Gives Rose JC $1.2 Million

House Surtax Vote On Again

WASHINGTON, D.C. (AP) - The House voted Wednesday to authorize $1.2 million for Rose JC, a historic Negro college located in Oklahoma City. The authorization was made in the 1964 education appropriation bill, which the House passed by a 247-184 vote. The bill was sponsored by Rep. Robert B. Mullin, D-Oklahoma City, who represents Rose JC in Congress.

Rose JC, a private Negro college, has a student body of about 500. It offers courses in liberal arts, education, and business. The college was founded in 1869 and is one of the oldest Negro colleges in the United States.

The authorization was made in a report on the bill that was approved by the House. The report states that the authorization is needed to support the college's programs and to help it expand its facilities.

The authorization was opposed by some members of the House who said that it would increase government interference in education.

In a compromise, the House agreed to authorize $1.2 million for Rose JC, but only if the college agrees to use the funds to support its programs and not to expand its facilities.

The authorization was supported by the Senate, which passed the bill by a 74-20 vote. The bill was signed into law by President Lyndon B. Johnson.
