BOSTON (AP) - A lawyer and church official was convicted of desecrating the Gothic and FBI building in the Boston area by throwing an incendiary device inside. The lawyer and church official was found guilty of first-degree murder and sentenced to life in prison.

The legal system is a powerful tool for those who wish to silence their critics. It was used here to target a journalist who dared to expose the corruption of a powerful political figure.

Viet Cong Invited to Elections

Viet Cong leaders have invited the United States to join in peace talks. While this may seem like a step forward, it is important to remember that the Viet Cong have a long history of using such talks as a delaying tactic to continue their war.

Housing For Elderly

It's Like Dungeon

The housing situation for the elderly in Oklahoma is dire. Many elderly individuals are forced to live in crowded, unhealthy conditions due to a lack of affordable housing options.

Stipe Seeks Case Ouster

Stipe is seeking to have the case against him dismissed. His legal team argues that the prosecution has not presented enough evidence to warrant a trial.

No More Neon

The neon lights that once illuminated the streets of Oklahoma City are gone. While some may miss them, many believe they were a symbol of a bygone era.

Nixon's ABM Hopes Shattered By Aiken?

The ABM system was a key part of Nixon's foreign policy. However, a recent decision by the Aiken government has dealt a serious blow to his plans.

**The ‘Outs’ At Election Time**

Political people everywhere are into a give and take to win the annual runoff that happens on the last Tuesday of August.

There are taking out all the reasons why it is necessary to vote for candidates or things to stop candidates and all the rest that have anything to do with the actual vote. If all this can be done, then it will be up to the people to decide what they want.

Most of the candidates in the states are trying to gain votes in their districts, but that is not the case here. It is up to the people to decide what they want.

Chances are the temperature will be down.
