Relief Rulings Affect 210,000

By BANAN CHAMBERLAIN

About 210,000 Oklahoma students and teachers will be affected by the ruling of a federal court regarding continuation of federal aid to public schools. The court ordered the state to provide all students with free legal assistance for any claims they may have regarding their education. Oklahoma's education system has faced numerous challenges in recent years, including budget cuts and teacher shortages. The court's ruling is expected to have a significant impact on the state's education system.

MILWAUKEE — Two priests Friday were spared a eight-year prison sentence for their efforts to keep the station from being destroyed by the invading Nazis. The priests, Father Joseph Murphy and Father Anthony Longo, were sentenced to eight years in prison earlier this year for their role in the Residents' Department of the Sacred Heart. However, the sentences were commuted by the governor on Friday, saving the priests from a lengthy prison term.
