2 State Questions Stir Little Interest

Light Vote Expected on Amendments Tuesday

By ROBERT CLIFTON

Perhaps a little too late for a build-up in the proposed campaign for passage of the two state constitutional amendments, a committee of the Oklahoma County Democratic Party met Tuesday to plan the strategy for what is expected to be a lackluster campaign for the votes.

The campaign doesn't start very early, but there are still some months before the Nov. 11 election. The change is simple. It's the change in the county's political climate. The early vote was expected to be a very high one, but now it may be lower.

The committee, according to sources, is expected to meet again before the Nov. 11 election. The change in the county's political climate is expected to be a very high one, but now it may be lower.

a touch of the lavish ... steals the fashion scene this season ...

The trend in fashion this winter is for full length woolen skirts. A popular style is the straight skirt which ends just below the knee. Chains and sequins are also popular, adding a touch of sparkle to the outfit. Knit sweaters and cardigans are another great option for staying warm and stylish.

A Purple Cow And Mr. Riley

At right and below are two colorful and enlightening products of this summer's Junior Art Class at the Oklahoma Art Center. Respectively, neither young artist's name is known, but their names are both. What would it be like to be a Mouse? A Cow. A Bear? That's easy. And a 'Maurice' for the art teacher, Mr. Riley, Patricia Riley and Santa brought into the country, and their parents viewed this week at a family party in the Children's Studio Gallery. And now art classes for young artists started Saturday at the Art Center. (Fun Guide Color Photo by Ed Giddings)

DEAR MR. RILEY,

I thought art was the most interesting and fun experience I've ever had. I'll never be another Rembrandt but I still like to draw and paint. Thank you for being my teacher.

Sincerely,

Norma Jean—Part IV

Marilyn's First Love

By FRED LAMBERT, JR.

Natalie Wood was the perfect re-
creational partner in Norma Jean's
bachelor life. She was the kind of girl
who made her feel like a princess.

Early Marilyn

Marilyn was born in Los Angeles.
She was the daughter of Gladys Mc-
Coy and William Morris. She grew
up in a strict, middle-class family.

By the age of 16, she had become
a model and had appeared in several
films. She was known for her ex-
cessively curvaceous figure.

Bud O'Donnell, 25, started dating
Natalie Wood in 1947. They were
very close and he was very proud of
her. He even took her to a party at
his house where he introduced her
to his friends. They had a great
time together and it was the begin-
ning of their relationship.

The movie industry had its
way with them both, but they
remained close friends until the end
of Natalie Wood's life.

Sci-Fi Books Survive In Fantasy

By LARRY PIEVE

Of the million or so books that saw print last year, and one at the times a host of others that saw print partly because there was nowhere else for them to go, the ones that will be remembered for the next few hundred years are those that are written by people with a cultural heritage. They are the books that, when read after the book is done, are still the ones that are read for enjoyment. Here are a few examples:

The late Dr. Gary Steiner, in his comprehensive study called "The People Look at Television," noted that viewing habits of people vary at educational backgrounds are not as uniform as might be expected. In the 1960s, the grade level, Steiner found that never advanced to the next viewing time to be the same level. By the high school level, the shift between attention maintained and attention time was not as consistent, there was a 10 per cent increase in program and 15 per cent increase in attention to the TV shows.

Despite the findings of the Steiner report, few television viewers are satisfied with entertainment programming and substitute more "educational" and educational from time to time as a way of getting a boost in attention to the TV shows. The TV shows actually watched at the time they say they watch.

Pays you $100.00-A-WEEK tax-free cash hospitalized... for each confinement.

PAYS YOU CASH... Up to $10,400.00 CASH for each new accident or illness, starting the very first day in the hospital. Yes, up to $10,400.00 tax-free cash paid direct to you—not to doctor or hospital.

PAYS YOU CASH... Up to $10,010.00 CASH if you're 65 or over, at the rate of $70.00 A WEEK for first 13 weeks and a full $100.00 weekly while you remain in the hospital afterwards and 91 more weeks if necessary... all in addition to Medicare.

PAYS YOU CASH... Up to $2,000.00 CASH for accidental loss of limbs or eyesight.

One out of two families will have someone in the hospital this year! It could be you—or some beloved member of your family, tomorrow... next week... next month. Sad to say, very few families have anywhere near enough coverage to meet today's soaring hospital costs. These costs have more than doubled in just a few short years. They are expected to DOUBLE AGAIN in the few years ahead.

Stop for a moment. Think how much a long stay in the hospital will cost you or a loved one. How would you ever pay for costly, but necessary, X-rays, doctor bills, drugs and medicines? What would you do if your pay check stopped, but living expenses kept going on the same way as ever? The same rent, phone, food, all the day-to-day expenses that never stop.

What is the average breadwinner to do when faced with adversity? We believe we have the answer in the famous Presidential Extra Cash Plan that relieves you of worry about the terrible financial threat of accident or illness.

Pays you $100.00-A-WEEK tax-free cash whenever you are hospitalized.

What a blessing it is when you know you have an extra $100.00 cash coming in every week—beginning the very first day you enter the hospital.

Now, Presidential's economy plan enables you to enjoy this protection at once. Because it will NOT cost you

PAYS YOU CASH... Up to $41,600.00 CASH when both insured husband and wife are hospitalized at the same time because of accident or injury. Collect DOUBLE BENEFITS every week—$400.00 A-WEEK CASH—for as long as both remain in the hospital... even for as long as 104 weeks if necessary.

PAYS YOU CASH... $100.00-A-WEEK CASH for each pregnancy, childbirth or miscarriage requiring a hospital stay, when Coverage for Children and Maternity Benefits are added to the basic plan and both husband and wife have been insured for the entire pregnancy.

$20.00. It will NOT cost you $10.00—or even $5.00 to enroll in this plan. Your special low price is just 25¢ for the first month's coverage. Then continue at regular low Presidential rates shown on page 5.

The added protection you NEED!

All benefits of this Presidential $100.00 A-WEEK Hospital Plan are paid directly to you, in tax-free cash; in addition to whatever you may receive from your insurance with any other companies. Spend the money as you see fit—for hospital or doctors' bills, mortgage payments—or any necessary but costly extras not fully covered by usual hospital policies.

Everything costs more these days (need we remind you?) and hospital care is certainly no exception! While 7 out of 8 Americans have some hospital insurance, most have found it does not cover all bills that pile up when sickness or accident strikes. That's why Presidential developed low-cost Extra Cash protection that helps you pay either hospital costs or anything else you need.

You get your $100.00 per week—TAX-FREE—from your first day in the hospital; and as long as you are confined there, even for 104 weeks, if necessary. And, when you and your insured spouse are hospitalized for an injury at the same time, Presidential pays out an EXTRAORDINARY

A WEEK tax-free cash hospitalized...

And that's not all. Suppose you have a growing family. This special Presidential Plan pays you $100.00-a-week cash for maternity benefits!

Ordinary hospital insurance may take care of part of your expenses when you go to the hospital to have a baby. But what policy can you think of that gives you cash to help you pay for all the things you need for the new baby? Now, if both husband and wife are insured for the entire period of your pregnancy (and have added Coverage for Children and Maternity Benefits), you get extra cash to use any way you want. If a pregnancy, childbirth or even miscarriage puts you in the hospital for one day, five days, ten days—as long as necessary—you get $100.00 a week for every day of your confinement.

All these added cash benefits:

Yes, in addition to $100.00 a week for hospitalization and $100.00-a-week maternity benefits... you get all this:

Added cash benefit: Up to $2,000.00 cash for loss of limbs or eyesight, when the loss occurs any time within 90 days of the accident. The loss of a limb or eyesight is a terrible thing. Nothing can replace the loss, but a check for $1,000.00 or $2,000.00 will bring greater peace of mind during the period of adjustment.

Added cash benefit: Choose Coverage for Children (with or without Maternity Benefits), and all your dependent, unmarried children, ages 1 month through 18 years, will be covered too! Presidential pays up to $6,240.00, at the rate of $60.00 A WEEK, any time your youngsters are hospitalized... for removal of tonsils, appendix or any other illness or injury!

Yes, you will receive $60.00 cash, week after week, for as long as 104 weeks, if necessary!

We pay your premiums when you are not able.

As a special consideration to you—if you, the

STILL MORE EXTRA CASH BENEFITS ON NEXT PAGE
Pays in addition to any other coverage you have so you may leave the hospital with extra cash

person to whom the policy is issued, are hospitalized just 8 weeks or more, all premiums for ALL Covered Members that come due while you are still in the hospital after this period will be paid by Presidential. And your protection continues as if you were paying the premiums yourself. Then if you leave the hospital and must return for the same condition before you have resumed full normal activities for 180 days, Presidential will again PAY ANY PREMIUMS COMING DUE WHILE YOU ARE IN THE HOSPITAL—for as long as 104 weeks per confinement! This means you pay no premiums, yet your full protection remains in force—you collect as much as $10,400.00 for each new confinement! This provision applies only when the person to whom the policy is issued is hospitalized.

THIS LIMITED ENROLLMENT OFFER ENDS SOON
Only 25¢ for First Month—Money-Back Guarantee

You can now have your first month’s protection for your entire family for only twenty-five cents! But you must act immediately. Your request for this wonderful Extra Cash Hospital Plan must be mailed on your convenient form on back page NOT LATER THAN MIDNIGHT of the date in your Enrollment Form. This midnight expiration hour cannot be extended. If your Enrollment Form is mailed later, it cannot be accepted.

These are the ONLY exclusions!
Your Presidential Policy covers every conceivable kind of sickness or accident except conditions caused by war or any act of war; mental disease or disorder; pregnancy except as provided under the Maternity Benefit provision; where care is in a U.S. Government hospital; and expenses resulting from any sickness or injury you had before the Effective Date of your Policy... during the first 2 years only. This last item is a real help if you already have a health problem. If you are sick before you take out this Policy, you will even be covered for that condition after the Policy has been in-effect for only 2 years. Of course, meanwhile every new condition is immediately covered.

How can 25¢ buy so much?
You can buy ordinary insurance at any time and pay the regular rates, if you wish. But Presidential can now provide you and your entire family with $100.00-a-week tax-free Extra Cash Protection for just 25¢ the first month.

If you are 65 or over you will collect up to $10,010.00 extra cash in addition to Medicare
Why are smart folks over 65 now hastening to protect themselves with the Presidential Extra Cash Plan in addition to what Medicare will do for them?

Even though Medicare is a great boon to folks over 65, it will not, of course, pay all the bills that quickly pile up as a result of illness or accident.

Regardless of your age, you still need additional health protection.

We have designed this plan as the important addition to benefits paid by Medicare—or any health insurance you may have with other companies. Remember, all checks will be sent directly to you (not to the doctor or hospital) to give you that "extra" help just when you need it most. Use the tax-free cash any way you see fit. And you will be glad to know the checks will be big ones! In addition to what is paid by Medicare, Presidential pays you $70.00 a week for the first 13 weeks, and a full $100.00 weekly while hospitalized thereafter... for an additional 91 weeks, if necessary.

You can receive as much as $10,010.00 for each new illness or injury when hospitalized.

Why? Because we enroll a large number of people at one time—direct by mail! This highly efficient "Mass Enrollment" method cuts costs to the bone—and the savings are passed on to you!

Make your decision carefully
Think how costly a hospital confinement will be. Imagine paying for those indispensable doctor, surgical and nursing services that are not covered by your present insurance.

Would you be able to afford the quiet and privacy of a private room and a private nurse, should you so desire? Can you afford to keep in touch with loved ones? Or the rental of a TV set to help pass the lonely hours? Who would pay your bills that keep on coming in at home?

Many folks have lost their life savings, their cars, even their homes trying to meet such expenses. And no one knows whose turn it will be next.

Why must you act before the deadline date shown in the Enrollment Form—just a few days from today?
Why do we give you so little time to act? Because, we must receive your Enrollment Form the same time as all the others in order to pass on to you the savings that come from processing many policies at one time.

We mail you the policy as soon as we receive your Enrollment Form. When the Policy arrives, examine it in the privacy of your own home. Take all the time you need. It’s a very short document, and you’ll be pleasantly surprised to discover there is NO FINE PRINT. Then—show it to your friend, to someone you trust. Perhaps your lawyer, accountant or banker. Better still—show it to your own insurance man... even though he may very well be working for another insurance company! If he is a personal friend, he has your best interests in mind. So you can believe him when he tells you there is no better bargain available anywhere—at any price!

Money-Back Guarantee—in case you change your mind.

Even after you mail your Enrollment Form... even after you examine the Policy in your own home and talk it over with anyone you wish... even all this, you are still free to return the Policy within 15 days after receiving it, and your quarter will be refunded at once. There will be no obligation whatever.

Meanwhile, all during the 15 days you are making up your mind—you’ll be protected by $100.00-A-WEEK extra cash benefits just as if you had already said "yes." That’s right, you will be fully covered all this time for any accident or illness which puts you in the hospital, even if you finally decide to return the Policy.

However, after you’ve seen the Policy for yourself, you will surely agree that this is a tremendous value and you’ll want to continue this $100.00-A-WEEK extra cash protection.

HERE ARE YOUR LOW RATES.
The following chart shows how little it costs after the first month to cover yourself—or yourself and one or more adult dependents (including your spouse). Naturally, at these low rates, we can issue only one policy of this type per person. Each adult, 16 or over, pays the rate applicable to his or her age.

Age at Enrollment   Monthly Premium
16-44               only $3.45
45-49               only $3.95
50-54               only $4.45
55-59               only $4.95
60-69               only $5.95
70-74               only $6.95
75 and over         only $8.95

Only $2 more covers all your children—...from the ages of 1 month through 18 years—who are unmarried and dependent. And then, if you wish, just add $1 more to that, and you’re covered for Maternity Benefits, too! Newborn children are covered automatically at the age of one month—at no additional cost!

NOTE: The regular monthly premium shown above (for age at time of enrollment) is the same low premium you will continue to pay; it will not automatically increase as you pass from one age bracket to the next. Once you have enrolled, your rate can never be changed because of how much or how often you collect from us—or because of advanced age—but only if there is a general rate adjustment, up or down, on all policies of this type in your entire state.

Act now—later may be too late!
TIME IS PRECIOUS! Act quickly. (No salesman will call.) Get your Enrollment Form into the mail today—because once you suffer an accident or sickness, it’s TOO LATE to buy protection at any cost. That’s why we urge you to act today—before anything unexpected happens.

---

Thanks to the special Waiver of Premium feature in your policy, you pay all premiums for as long as you need to keep your Coverage. And you don't even have to pay us back. You simply go right on collecting your full $100.00-a-week extra cash just as if you were paying us right back! In fact, our policy will cover you collect right up to the maximum of $10,400.00 cash.

14. How can you give me so much — for so little?

Because you deal direct with the company — direct with Presidential Life. You virtually "write your own policy." Right off the Enrollment Form on the next page. No middlemen! No waiting for the mail to arrive. No red tape. And with no medical examination or "red tape." You can have your Coverage for Children (with or without Maternity Benefits), your "new addition" will be covered at the age of 1 month. At the age of 1 year — or at any time during your Coverage, it's automatic. And without any medical examination — "red tape.

15. Doesn't enrolling by mail take away the "personal touch"?

Certainly not! We give you more personal service, not less. And instead of getting it when you sign up — YOU GET IT WHEN YOU SUBMIT A CLAIM! That's where it really means something. And that's where Presidential Life gives you plenty of service.

All right, now that you mention it — how do I do it anyway?

If you want to know what services really are — read this: Here's the amazing system we were able to set up for you! Even the busy executive can fill out his form in 2 minutes! We've eliminated the delays, the red tape. As a Presidential policyholder you're entitled to contact CASH BENEFITS HEADQUARTERS direct. No need to ask your broker. No need to be anxious. If you have a claim, don't hesitate to contact us. Even if you only have a question. Don't worry about "inconvenience" or "bothering" anyone. WE ARE ALWAYS READY AND HAPPY TO GIVE YOU THE PROMPT, COURTESY, AND DIRECT ATTENTION YOU ARE ENTITLED TO AS A POLICY OWNER.

17. Because President's costs less — do I get less protection?

Absolutely not! You get more. A full $100.00-a-week extra cash plan as long as 18 weeks. As much as $10,400.00 cash for each new hospital stay — to spend any way you please. All you pay is the incredibly low price of just $25 for the first month's protection. And you can continue this protection, month after month, as long as you want (though of course you are under no obligation to continue) at the regular low Presidential Life rate! That's why we urge you to compare these big cash benefits with any comparable policy issued by any other insurance company.

18. What is the "catch" of your offer?

Nothing! This is a genuine personal service offer. Your policy covers absolutely everything except conditions caused by war or act of war; any mental disease or disorder unless caused or contributed to by a U.S. Government hospitalization; or any self-inflicted injury. And even if you had the Effective Date of your policy...—but even this last "exception" is done away with after you've been a policyholder for two years. Everything else is definitely covered.

19. What are the requirements to enroll in this President's Extra Cash Hospital Plan?

You must not have been refused or had cancelled any other hospital insurance, or have been rated or subscribed as "uninsurable" by any other company.

20. If I'm hospitalized less than a week — do you still pay me?

Of course, we do! Regardless of whether you are in the hospital for as little as one day—or as long as a week, month, year or more — you always collect the full amount you are entitled to, for every single day! You start collecting your $100.00-a-week extra cash income as soon as you enter the hospital.

GRATEFUL POLICY OWNERS WRITE...

"Let me say the full payment as per the policy was not gratifying. There was doubt in our minds for some time especially when we started with only a $1 payment from 50 dollars. But now that has been completely eroded. The settlement definitely was in full payment for the time in the hospital and our sincere thanks for the check.

LITA SCHRECKENCAMP, Cedar Rapids, Iowa"

"Just a few words to thank you for the prompt manner in which you settled my claim. I certainly will recommend Presidential Life Ins. to my friends."

Should 18-Year-Olds Vote?

"NO" - PHILIP MONROE

If public policy, crying millones of young voters the way they have to carry a school of unwary studies, have been learning for the past few years. To give them a gun for life to Uncle Sam, then give them the vote, they say.

Recent national and state elections have shown not only a decline in political participation among young voters but also a decline in the voting age. If they get their way the entire campaign of young political participation may be postponed indefinitely.

Mnnion, 16,000,000 young, impressible voters will be added to the electorate if these schemes were put into effect and the voting age lowered to 18. This is enough voters to swing an election and the most important part of adding them is when they vote with the youth group.

Now, about that old-enough-to-fight, old-enough-to-vote idea. One has nothing to do with the other. Physical ability to be a soldier does not relate to the voting function. Year old enlistment in the army for work, with little or no training, is in a preferable way under stress; this is not the kind of training that brings him to the voting booth.

That the use of voter might die in the service of his country is, marginally, quite true. It is also true that he lacks the maturity to make a decision that will affect his voter.

On this point a young Marine officer said, "You are not using the term unanimously among men for me to favor giving them the vote. Why add this young, untried incident to demo-paleas?"

As equally young industrial officer observed: "Here are some men who have been through combat and have shown responsibility for themselves and others, but who still feel it necessary to vote by my standard—because they have had little inter-

One of the prices of citizenship in a free nation is personal merit. When a young voter enters the arena he must be the same man he is. He is not to be paid off for his partisanship with a voting privilege. He is not to be cajoled into it because he is young. The fact that he is young makes him a candidate because of his lack of political knowledge and lack of lack of political opinion.

"YES" - WENDY CURTIS

"Robbing the young of this right is not only wrong, but it is a way of denying young people the opportunity to take part in the democratic process. It is a way of rob-

O.J. SIMPSON:

A Man Between Seasons

as told to MICKEY HERSHOWITZ

When you play football, certain words are waved in your face like flags. Menace is one of them. I think about it a lot. For some things, writers keep hammering it up. O.K., they ask, what drives you? What makes you tick? What makes you O.J. Simpson?

I'm a green kid, I grew up in government housing, and maybe that's part of it. When I speak the medicinal line, I think, look, there's nothing you've done that I didn't do. Run with guys, get burnt, hit the books. But there's a moral to it, too. If you want it badly enough.

Now, you're young, you dream, you always want to be the best in whatever you are doing. When I did box as a boy, I was to play football, and I thought about playing in the big leagues. I wanted to talk home.

Then it was football, which always came easy to me. I seem, it has never been a bore, but like anything else, I've stuck to it. I've stuck to it. There probably isn't a guy who went to college who didn't think it was the super Bowl Trophy in 1954, and I want it. I wanted to keep the running record of the league's record, too. I wanted to be the best.

How did banged-up me, and pre-football-scared one change to, the way football runs for sure?

"It's the only thing. Some guys, they beat me less. I went around on my own. 'O.K., O.J. Simpson, he's a looker, he's a nice guy, nice.' I don't think I could enjoy being one up, if everybody thought I was a jerk.

The way it bothered me when I read or heard certain things about myself. I knew it has hurt me, and that's good. It's about everything's ideal, that's a thinking too much about fame. Fans like their favorite players to be pure and innocent. Then when the money starts coming in, people look at you a little differently.

That's why I had bought all the paper stuff about my negotiations with Buffalo could have been wrong. There's so many things you can believe about Gab. Yes, he's never had a half as many, and he's broke him, and has the image.

Ralph Wilson, the Buffalo owner, is an ace person. He was a good friend from the start. One of the main points that he made to me was sales was a problem. There was never a point I that I want to be. They're no better than the business. And they might need. I had no answer to that. That's the Buffalo player that I knew when I was drafted was Haven Moses, their quarterback. I was up. I think I understood your position. Every other player I've talked with—

By Charles, Jerry Brant, Wally Back, guys to the Rams, guys all over the league, people who have been around for some years, they tell me the same thing: Get all your fans.

Believe me, when you play on the uniform, when the ball is in the air, I'll be thinking about football. Mickey, of course, is a part-time player. What is he? a part-time player in his own words.
