B52s Patrolling China?
I Japanese Say Planes Carry H-Bombs

TOYOYO (UPI) — The Japanese news agency Kyodo reported Thursday that U.S. B-52 bombers had been seen over Japanese airspace near Japan's Northernmost Islands, which border the Sea of Japan and the Sea of Okhotsk. The report was cited by the Associated Press, which said the B-52s had been seen for the first time since July 1979, when they were photographed by Japanese military aircraft. The report prompted the Japanese government to demands that the United States publicly confirm the presence of B-52s in Japanese airspace and that it stop using them for military exercises there. The United States denied the report, saying that it had no plans to use B-52s in the region for military exercises.

School Plan 'Vigil' On

By JANET DAILY

Superintendent of schools Bill Libbett has said that the new school year will begin on time but that he has no plans to continue the 'vigil' that he had been conducting for the past two weeks. Libbett said that he had been conducting the 'vigil' to ensure that the school district was operating as efficiently as possible and that he would continue to do so until the district's budget was approved by the Oklahoma State Board of Education. Libbett has said that he would continue to conduct the 'vigil' until the district's budget is approved by the Oklahoma State Board of Education.

Arabs Launch Four Attacks Into Lebanon

2 Border Policemen Captured

By BRIDGET RICE

Arab terrorists have launched four attacks into Lebanon, killing two border policemen and injuring several others. The attacks were carried out using guerrilla tactics, and the terrorists managed to escape into the mountains after the attacks. The Lebanese government has condemned the attacks and has called for international support to combat terrorism.

Why did Cale Yarborough put 2 gallons of Prestone anti-freeze in his family car instead of one?

He knows it takes 2 to protect his car winter and summer.

Against freeze-ups

"Prestone!" David Snell and Bryan Chadwick gave you the most impressive picture of the second place finisher in the 500-mile race at Sears Point. The team's winning strategy was to use two gallons of Prestone instead of one, as specified in the race rules. And now you know why! And why not?

Double up on Prestone anti-freeze now for year 'round cooling system protection...the experts do!

Baseball Owes Its Stars An Apology

By Bob McBrearty

How many times have you heard someone suggest that baseball is a 'kids' game' and that the stars have no business being in it? Much of our so-called 'common sense' is based on this type of thinking. There is no denying that baseball is a game for children. Children love it, and they can make it a game for adults too. But this should not be used as an excuse for allowing the stars to play. Baseball is a game for everyone, and the stars should be part of it.

When you think about the people who have been trying to do something constructive in their lives, I think you're most likely to think of the people who have been holding the line. The people who have been holding the line are the people who have been holding the line.
