Huge Tax Cuts Voted By Panel
Bohanon

Huge tax cuts, which would save 300 million dollars over the next five years, were voted by the Senate Finance Committee last week. The cuts will take effect on July 1, 1967.

The committee voted 7-3 in favor of the tax cuts, which are designed to stimulate the economy and reduce the federal deficit. The vote was along party lines, with the Republicans in favor and the Democrats opposed.

The tax cuts include a reduction in the top marginal income tax rate from 70% to 60%, a reduction in the corporate income tax rate from 52% to 48%, and a reduction in the capital gains tax rate from 50% to 40%.

Cold Days Will Stay
The weather outlook for the next several days calls for cold temperatures, with a high of 40 degrees expected in many areas. This will continue through the weekend and into next week, with the possibility of more cold weather to come.

Schools

Re-Hiring
Langston

The school district is considering re-hiring a teacher who was fired last year for insubordination.

The teacher, who had taught at the school for 10 years, was fired last year after refusing to follow the school principal's instructions. The district is now considering re-hiring the teacher, who has been unemployed since then.

This decision has been met with mixed reactions from parents and teachers. Some parents have expressed concern about the re-hiring of the teacher, while others have supported the decision.

Picking Stars Really Tough

by d. Hirsch

It’s already starting to get pretty serious over at the Amateur Scouting Office of America and the Oklahoma City chapter of the Boys’ Club of America. The scouts are in the process of picking their top prospects for the upcoming season and the pressure is on. The scouts are looking for athletes who have the potential to make a difference in the local community and contribute to the success of the club. The selection process is rigorous and the scouts are making sure to thoroughly evaluate each athlete before making their final decision. It’s a tough job but someone has to do it. So, if you’re thinking about joining the club, make sure you’re ready to put in the work and impress the scouts. Good luck!

Soft Fleischmann's Margarine Presents: "You Bought The Gold Box!"

Yes, the gold box, because you know what the doctors say.

They say not to eat too many saturated fats. And Soft Fleischmann's Margarine is real low in saturated fats. It's made from 100% corn oil.

The doctors say?

100% corn oil?

That's right, 100% corn oil. And I say nothing but 100% corn oil for my Harold and his father, Harold.

Soft Fleischmann's Margarine...in the gold box.

See the continuing page of Harold in the "Thank You".

Home Makes Citizens

Boys Find Place in Life

Dr. A. A. Buxton

Home makes it possible for a young man to become a useful citizen of his community. Home is the place where the young man learns the value of hard work, thrift, and self-control. Home is also the place where the young man learns the value of loyalty, justice, and fair play.

Bombers Honored

Two Midwest City High School athletes have been honored recently. Capt. Missouli Cornwell, who was named All-State Quarterback, were named All-State Quarterback, and Mrs. Evander Johnson, who was named all-State Splitback.

Strategic Zoning Code Passes

By CONSTANCE POCKET: Future development of areas within the city of Wayne County, a new zoning ordinance takes effect. The ordinance was designed to achieve goals of growth and maintain integrity of development, providing a more orderly and efficient use of land. The new ordinance features include:

1. A comprehensive land-use plan that guides future development.
2. Limited residential lots within a particular area are zoned for single-family homes.
3. Commercial areas are designated for business activities.
4. Industrial zones are established to accommodate manufacturing and warehousing.
5. Preservation of open space and natural areas is encouraged.

The new zoning code is intended to ensure that the area develops in a manner that is consistent with the overall vision for its future. It is hoped that this code will help guide the development of the city in a way that is both sustainable and economically viable.

 boycott by a group of local residents. The group claims that the dealership's practices are unfair and exploitative. They are demanding that the dealership change its policies, including the way it handles repairs and the pricing structure. The dealership denies any wrongdoing and is fighting back against the accusations. The situation is likely to remain unresolved until the group and the dealership come to an agreement.

Christmas Candy Drive

Set By CAP

A popular Christmas tradition in many communities is the candy drive, where local organizations and individuals collect donations of candy to be distributed to those in need. This year, the Candy Drive organized by Community Action Partnership (CAP) has been particularly successful. Local businesses and residents have generously contributed to the cause, and the collected candy will be donated to local food banks and shelters. The event not only brings joy to those who receive the candy but also fosters a sense of community and goodwill.
