2 Injured In Shooting

Two persons were injured, one critically, Sunday afternoon in a shooting incident in the City's southeast. A 14-year-old boy was severely injured and his name was withheld by police officials. The incident occurred on the 500 block of Second Street, near the intersection with Main Street.

A 15-year-old girl was also injured, but her name was not released by police. The shooting took place around 4:30 p.m. and the suspect fled the scene.

Israel Summons

Crisis Meeting On U.S. Ties

Proposal

Raid's Biggest

In Two Years

By United Press International

Israel and western nations warned against Soviet pressure today in a tense meeting here tonight. Soviet representatives were present, but the meeting was marked by tension and the threat of a possible veto from the U.N. Security Council.

25 nations were present at the meeting, which was called for by the U.S. and joined by representatives from 20 nations. The meeting was called to discuss the possibility of a new U.S. military base in the Middle East.

Job Fight Threatens

Congress' Christmas

The Senate Republican Party, under a cloud, will begin job negotiations with the Democratic Party today, as the two sides meet to discuss the possibility of a new U.S. military base in the Middle East.

The 60's Saw Moon Walks,

The first man walked on the moon on July 20, 1969. It was a historic moment in human history. The Apollo 11 mission, led by Neil Armstrong and Buzz Aldrin, was the first step in the United States' efforts to land a human being on the moon. The journey was fraught with danger and technical challenges, but the success of the mission was a testament to human ingenuity and perseverance. The moon landing marked the beginning of a new era in space exploration and opened up possibilities for future missions to Mars and beyond.

Curbing The Tantrums

The Northwest News of Education, which is the official newspaper of the University of Oklahoma, has reported that the state's educational system is facing a crisis. The state has a severe shortage of teachers and administrators, and the situation is becoming increasingly alarming.

The News reports that the state's education budget is $5 billion, but only $3 billion is being spent. The remaining $2 billion is being held in reserve. The state has a severe shortage of teachers and administrators, and the situation is becoming increasingly alarming.

More Palatable (?) Form 1040

The new 1040 form is a welcome change for many taxpayers. The form is shorter and easier to fill out, and it will take less time to complete. The new form also includes a new feature that allows taxpayers to attach additional forms to the original form. This will make it easier for taxpayers to keep track of their records.

State Editors Say

Frequent Visitor To Sagulpur

State editors have expressed their support for the new 1040 form. They believe it is a welcome change that will make it easier for taxpayers to complete their forms.

Indian Voice Louder

The Native American community has been expressing its support for the new 1040 form. The community believes it is a step in the right direction, and they hope it will be a model for future tax reforms.

RAMS, BROWNS CLOSE ON SOUR NOTE

LA Falls, 13-7 To Baltimore

The Los Angeles Rams, with their record of 2-9, dropped their second straight game when they succumbed to the Baltimore Colts, 13-7. The loss places the Rams in a tie for the last place in the Western Division of the National Football League's National Conference. The Rams were led by quarterback Fran Tarkenton, who completed 11 of 24 passes for 161 yards and one touchdown. The Baltimore Colts, on the other hand, were led by quarterback Johnny Unitas, who completed 18 of 29 passes for 261 yards and three touchdowns. The Rams will try to bounce back next week when they face the San Francisco 49ers at home.

Giants Upset Central Kings

Horn Goes TD-Wild; Pack Wins

The New York Giants defeated the Central Kentucky Colonels, 31-14, in a shock upset of the defending national champions. Quarterback Phil Simms completed 19 of 31 passes for 316 yards and three touchdowns, and running back Otis Sistrunk rushed for 122 yards and two touchdowns. The Giants' defense also played a crucial role, holding the Colonels to just 14 points. The win sets up a showdown with the defending national champions, the Pittsburgh Steelers, in the next round.

Steelers End "Boring" Off Court But Not On

Lions Hang 20-3 Loss On Bears

The Pittsburgh Steelers, led by quarterback Terry Bradshaw, defeated the Detroit Lions, 20-3, in a lopsided game. The Steelers dominated the game from start to finish, with Bradshaw completing 19 of 25 passes for 217 yards and two touchdowns. The Lions, on the other hand, failed to score a single point until the fourth quarter. The win keeps the Steelers in the hunt for a playoff berth.

Prep Mat Powers Retain Supremacy

Redskins Host Putnam City

The Oklahoma City Putnam City High School Indians, led by coach Jerry West, defeated the Oklahoma City North High School Mustangs, 37-14, in a high-stakes rivalry game. West was named the Head Coach of the Oklahoma City Chamber of Commerce's All-Star basketball team, and his team was unable to capitalize on his coaching prowess. The Indians, however, were led by star running back Otis Sistrunk, who ran for 115 yards and two touchdowns. The Mustangs, on the other hand, were led by quarterback John Unitas, who completed 14 of 24 passes for 217 yards and two touchdowns. The win keeps the Indians in the hunt for a playoff berth.

People, Animals Would Benefit

Ogilvie Looks Beyond Today's Zoo

By LIBBY PRICE

The 18,000-acre biological park, one of the largest in the world, created by Dr. Paul Ogilvie, has been in existence for over 20 years. It is located in Oklahoma City. Ogilvie, an authority on the behavior of animals, decided to establish a zoo for the purpose of preserving the natural habitat of animals. Ogilvie, who is a former professor at the University of Oklahoma, has dedicated his life to the study of animal behavior.

Ogilvie believes that the key to understanding animals is to observe them in their natural environment. He has spent the past 20 years studying the behavior of animals in the wild and has developed a system of classification that allows him to predict the behavior of animals in different environments.

Dr. Ogilvie's research has led to the development of a new type of zoo. Instead of confining animals to small enclosures, he has designed enclosures that mimic the natural habitat of the animals. This allows the animals to behave naturally and live a more fulfilling life.

The new zoo will be unlike any other. It will feature a variety of habitats, including savannas, deserts, and rainforests. There will be areas for animals to live in groups, as they would in the wild, and areas for animals to live alone, as they would in the wild.

Ogilvie's goal is to create a zoo that is both educational and entertaining. He wants visitors to leave the zoo with a greater understanding of animals and their behavior.
