Storm Exits After Final Blast

BY JOE FLOWS

From the Oklahoma City Enquirer, Wednesday, May 17, 1950

The storms that swept over the state of Oklahoma and caused widespread damage were finally brought to a halt by a series of powerful thunderstorms that moved across the state on Tuesday night. The storms caused widespread damage, including the loss of life and property. The Oklahoma City Enquirer reported that the storms were the result of a warm front moving over the state, which created ideal conditions for thunderstorm development. The storms caused significant damage to homes and businesses, and the cleanup process will take some time. The Enquirer urged residents to be cautious and to stay informed about future weather conditions.

Home Interest Rates Boosted By FHA, VA

The Paper

WASHINGTON, D.C. - The Federal Housing Administration (FHA) has increased interest rates on home mortgages to 7/2% and 8/2% for FHA and VA loans, respectively. The change was made to encourage more home ownership and to provide additional funding for mortgage insurance. FHA and VA have been working to increase the number of homes being built and sold, and this rate increase is expected to further the goal.

Revelers, Alert! Toot May Be Costly

BY MAX BURKE

The Oklahoma Journal

Revelers, especially those who plan to use horn and automobile horns to celebrate the New Year, should be aware that new laws have been enacted to regulate the use of horns. These laws are designed to reduce noise pollution and ensure public safety. Revelers are encouraged to use horns sparingly and to be mindful of their impact on others.

Inside News

The Oklahoma Journal

Revelers, especially those who plan to use horn and automobile horns to celebrate the New Year, should be aware that new laws have been enacted to regulate the use of horns. These laws are designed to reduce noise pollution and ensure public safety. Revelers are encouraged to use horns sparingly and to be mindful of their impact on others.

Malicious and complete with check and signatures, the new documents are expected to help in the continuing effort to prove the state is losing residents in some districts.

The weather is warming up at the Oklahoma City Metropolitan Airport with temperatures expected to reach the mid-80s by next week. The National Weather Service said the high will be in the 70s for much of the week.

A Maryland man who was arrested after allegedly attempting to steal a car was released on bond.

The Oklahoma City Metropolitan Airport has received word of a possible change in its flight schedule.

The Red Cross is seeking volunteers to help with disaster relief efforts.

The library offers a free art show every Wednesday from 10 a.m. to 4 p.m.

The revelers are expected to pack the Oklahoma City Metropolitan Airport for the New Year's Eve party.

The Oklahoma City Metropolitan Airport is planning a New Year's Eve party to celebrate the new year.

The revelers are expected to pack the airport for the party.

Collins Gets New Tenneco Position

By THOMAS CROCKETT

Collins has been named President of the company's consultant services division, which advises clients on the use of energy-efficient technologies.

"This is a major expansion of our consulting division," said Collins. "Our clients are looking for ways to reduce their energy costs, and we're well-positioned to help them do that."

NORTH COMMUNITY NEWS

Work to Start In February

Cameron New College, located in London, is the
only college in Great Britain to receive funds
from the government for advanced training in the
arts. The college is named in honor of the late
Sir David Cameron, one of the foremost leaders
in the arts in England. The college is designed
as a center for the promotion of the arts in the
United Kingdom.

Newark's riot in 1969 was unique in that it
demonstrated a new form of urban protest.
